4. The Accreditation as mentioned above is awarded to the specified degree programs of your institute and does not imply accreditation to the institute/college as a whole. Wherever the institute/college wishes to make this information known/available, the full name of the degree program, grade awarded and period of validity of accreditation as well as the date from which the award is effective should be unambiguously mentioned.

5. The grade awarded to the institution is on the presumption that the institute would maintain the current standards in future also and if there are any major changes that would effectively alter the grade such as, major changes in faculty availability or change in the management structure after the award of the accreditation, the same shall be communicated to the National Board with an appropriate explanatory note on the institute's plan of action to restore the status quo.

6. On behalf of the National Board of Accreditation, the undersigned would like to thank you for your cooperation in this exercise.

Yours faithfully,

(M. U. DESHPANDE)
