

Dear students,

Greetings !!

The Department of CSE is striving hard towards the goal of providing innovative and quality education with high standard to achieve academic excellence and provides platform for the students to achieve their career goals. Computer Science and Engineering is an essence of today's world.

In computer science you will study and apply your knowledge in understanding what computers are, as how to program them, tools to write a program, the rules when converting the written program understandable by the computers, the interface between the computer and the user, the computer graphics, computer networking, managing the software database, software engineering and testing them efficiently and more.

The Department also places emphasis on all the important aspects of computers such as Soft Computing, Algorithm Design, Network Security, Advance database systems, Theory of computation and many more.

Innovative methods of teaching and learning process are adopted to achieve learning abilities through practice, exposure and motivation. Department has an excellent infrastructural and computing facilities and provides a conducive environment to promote academic and research excellence in the department.

Above all, the entire teaching fraternity of the Department of Computer Science and Engineering look forward to the holistic growth of the department and they aim at doing something extraordinarily remarkable in the academic arena of Computer Science and Engineering.

The Department also takes initiative to improve the soft skills, analytical capabilities and Industry 4.0 of the students so that they can face the competition in the corporate world confidently.

In our department students are in best software professionals as Project Managers, System Analysts or Team leaders in Industry or become Entrepreneurs in their own innovative way.

We confident that the students of the department would justify the credibility of the department by showing a high level of professional competence in their respective field.

We have been encouraging the students to involve in interdisciplinary field, Innovation and Entrepreneur.

All the best !!
