Report on the release of Seed Money Project

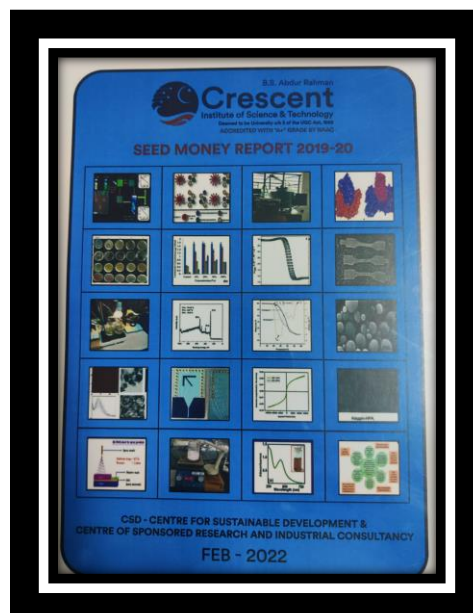

As a part of sustainable development, our faculties have completed the seed money projects. Their project results are compiled as a book and released on 22nd April 2022 in Seminar Hall 3 by our Registrar, Dr.A.Azad and our Additional Registrar, Dr.N.Raja Hussain, Dean(Research), Dr.I.Raja Mohamed and Dean (Academics), Dr.M.S. Haji Sheik Mohammed in the presence of other Deans, Directors and HoDs of different departments along with the faculties who have completed the projects.

The seed money project investigators made presentation on their completed projects. They also explained the various contributions made and the proceedings of their projects. Registrar encouraged them to file a patent and gave his ideas and suggestions to further promote based on the result of their projects.

During the discussion, the following main items were discussed and planned.

1. Registrar suggested the faculties to file patents on the novelty of the projects.
2. He also advised the faculties to convert the outcome of the projects into products.
3. Some of the faculties requested more money for extension of the project.
