REPORT

The institute has taken up quite a few initiatives in the recent past to take education and research to a global height. In the same line of thought, the Department of Computer Science and Engineering, School of Computer, Information and Mathematical Sciences has collaborated with IBM Career Education in April 2017 to launch the various co-branded programs for the B.Tech CSE students.

58 students were enrolled in the IBM Specialization programme in AI, IoT & Big data analytics in 2017 and successfully completed it in 2021 during their 4 years period.
CSE Faculty & students team initiated INTELLECT 2k20 - International Online events during the first wave of the COVID-19 pandemic period. With successful reach, the next version INTELLECT 2k21 was conducted during the second wave of COVID-19.
Hence, as a combined program "**IBM Joint programme certificate distribution & INTELLECT 2k20-21 appreciation meet**" had been successfully conducted on 08.04.2022, 2.15 pm at Seminar Hall 1, Conventional Centre.
