

**DEPARTMENT OF COMMERCE  
SCHOOL OF SOCIAL SCIENCE AND HUMANITIES  
FIELD VISIT TO MILES EDUCATION**

**Date: 31/10/23 & 1/11/23**

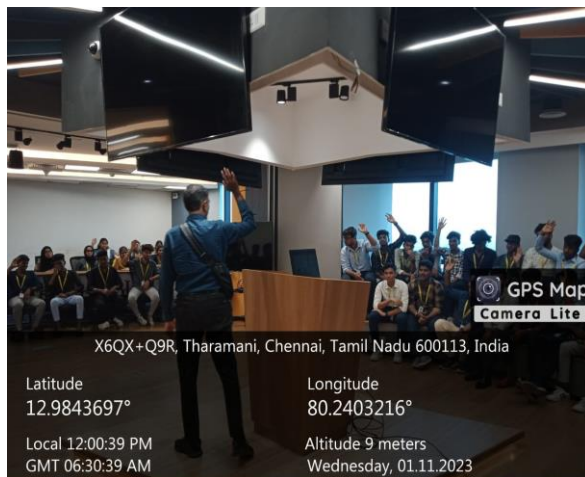

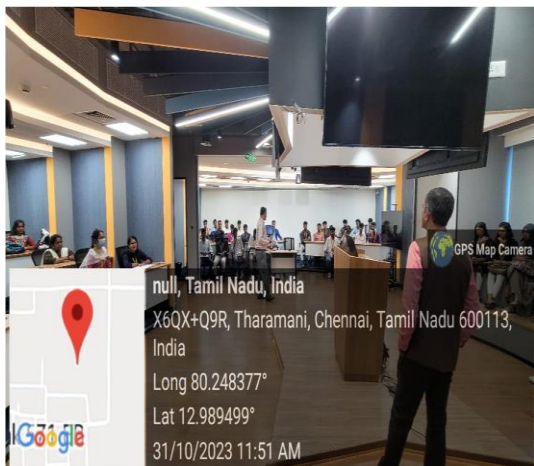

**Location – Miles Education  
Tidel Park**

---

The Department of Commerce considered adding professional courses to the regular curriculum in addition to the typical one so that students could establish their worth in the workforce."Miles is one of the world's largest training providers for US CPA, CMA, CFA & FRM. Partnered with 220+ MNCs including the Big 4s, for training & placements & 70+ universities and autonomous colleges for upskilling of students. In 2022, we signed a Memorandum of Understanding with Miles Education to support the development of the next generation of commerce graduates.

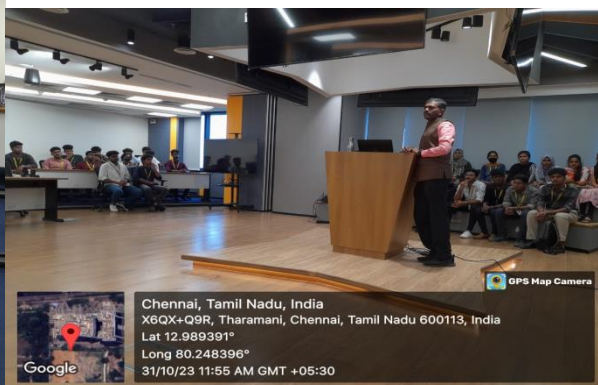

Field visits are an integral aspect of teaching that aim to improve every student's educational experience by giving them a chance to learn outside of the classroom. A two-day field tour at Miles Education was scheduled for the B.Com (Professional Accounting) students on 31<sup>st</sup> October and 1<sup>st</sup> November, 2023.

A motivational speech by chartered accountant Mr.SolaiyappanKabali kicked off the session. In addition to outlining current employment openings for CPA-qualified candidates, he also discussed the value of networking with professionals on social media. Professional CPAs answered the students' questions about study materials, test length, test-taking strategies, and exam-cracking techniques. The discussion was rather participatory.

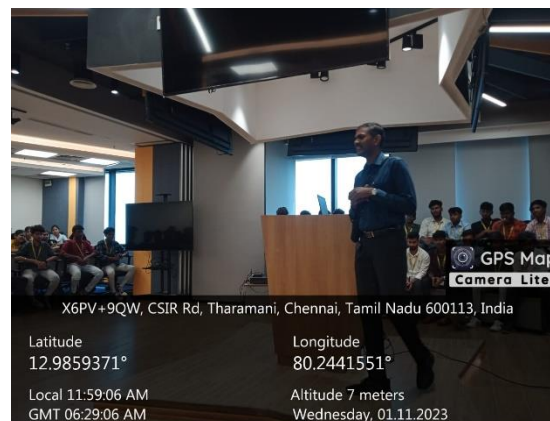

**DAY 1:**

On October 31, 2023, 55 students from the second B.com PA paid a visit; escorted by Dr.Sobiya and Dr.Neethikumar, they gained knowledge about the course.

**DAY 2:**

Along with Dr. Mohideen Abdhulkader and Dr.K.Selvi,65 first-year B.Com. PA students visited and received clarification on any questions they had about the course, test, scope, and employment option.

Ms. Ifra Fathima, Assistant professor in the senior grade, and Dr. K. Soundarapandiyan, head of the commerce department at the School of Social Sciences and Humanities, oversaw the entire program.
