

MasterSoft ERP Tool

Our Institute has signed three years agreement with **M/s. MasterSoft ERP Solutions Pvt. Ltd** on 15th November 2021. The following modules are available for our Institute in the ERP tool:

ACADEMIC MODULES

- Student Admission & Fees
- Student Academic & Administration
- Timetable & Attendance
- Examination
- ITLE (Interactive Teaching-Learning Environment or E-Learning)
- Training and Placement
- Hostel
- Mobile Apps - Student
- Mobile Apps - Faculty
- Parents Login Web / Mobile App

NON-ACADEMIC MODULES

- Stores
- HRMS & Payroll
- Accounts

ADD-ON MODULES

- Library
- OBE
- ADMS (NAAC & NIRF Reports)

The detailed features available in each module are listed in Annexure – A.

Annexure – A

OFFICE OF DEAN (Research)
(Empowering CRESCENT through Exemplary Research)

Ph.D. Thesis Tracking Procedure for Research Scholars

1. Login to <https://crescent.mastersofterp.in/>
2. User Name : RRN ; Password : RRN
3. Change the password
4. In the main menu, go to Academic >> Ph.D. related >> Ph.D. Process III as indicated below :

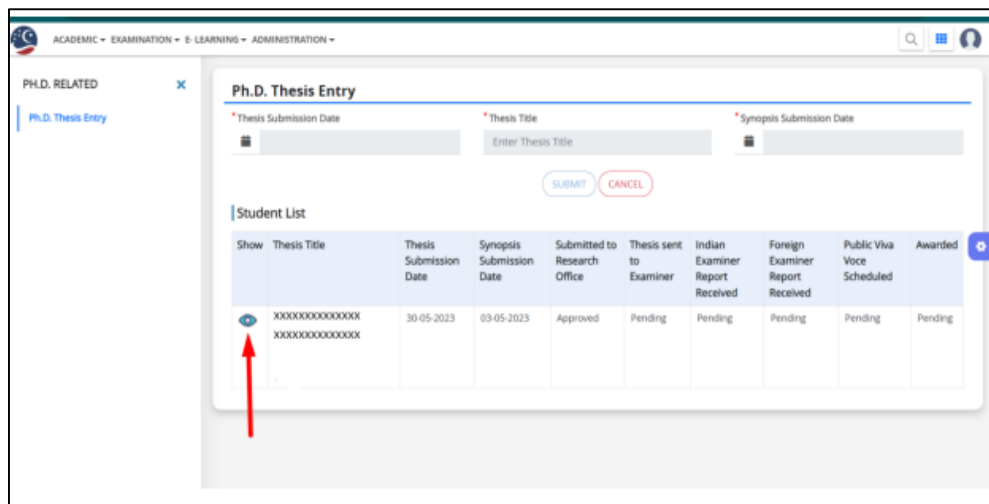

5. In the Ph.D. Thesis entry, fill in the submission dates of Synopsis, Thesis, and Title of the Thesis and click on submit.

OFFICE OF DEAN (Research)
(Empowering CRESCENT through Exemplary Research)

6. After submission, the Office of Dean (Research) will verify the details and approve (2 – 3 working days) the submission details.
7. Now you can view the complete status by clicking the icon under the “Show” button. Note that in the table, “Approved / Pending” indicates that the respective activities are completed.

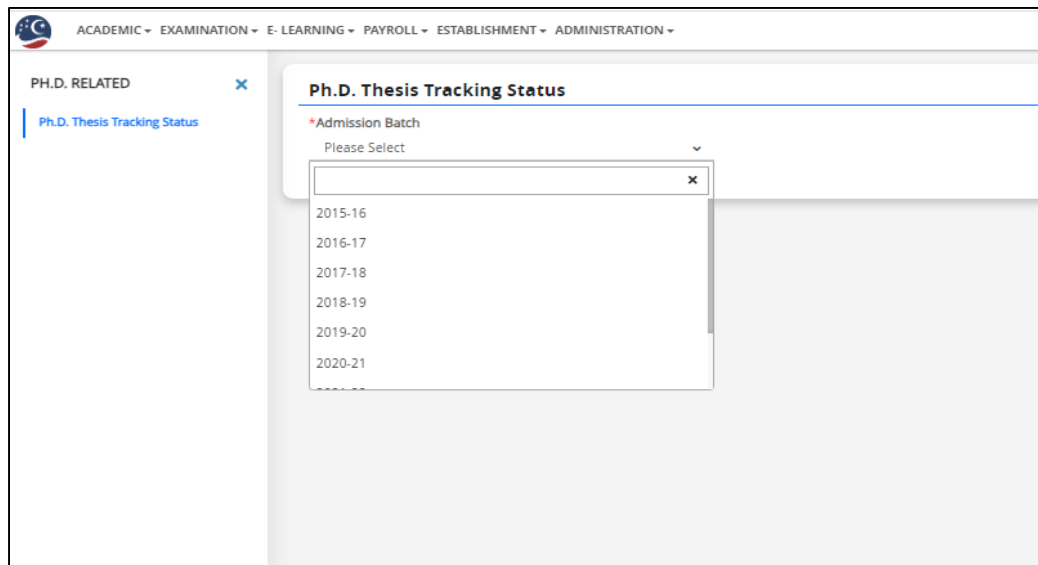

Status History	
Status	Remarks
Submitted to Research Office	Thesis Submitted to Research Office
Thesis sent to Examiner	Sent to Both the Examiners
Indian Examiner Report Received	Under Review
Foreign Examiner Report Received	Thesis Evaluation report received on 16 Sep 2023
Public Viva Voce Scheduled	not conducted

OFFICE OF DEAN (Research)
(Empowering CRESCENT through Exemplary Research)

Procedure for Research Supervisors

1. Login to <https://crescent.mastersofterp.in/>
2. In the main menu, go to Academic >> Ph.D. related and select the admission batch of the respective scholar as indicated below :

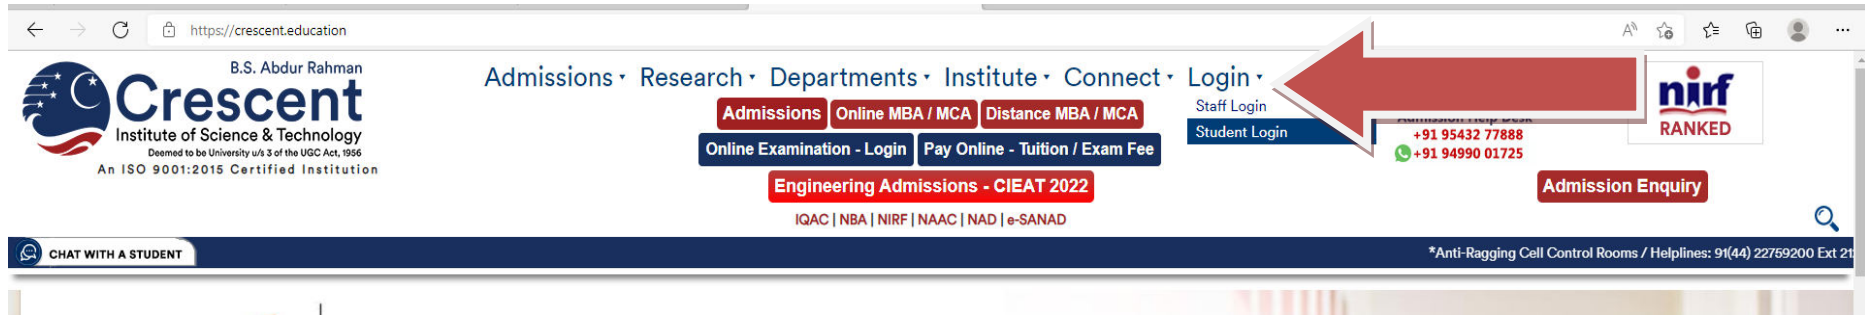

3. Now you can view the complete status by clicking the icon under the “Show” button.

Status	Status Date	Remarks
Thesis sent to Examiner	26-09-2023	Sent to Both the Examiners
Foreign Examiner Report Received	26-09-2023	Thesis Evaluation report received on 16 Sep 2023
Submitted to Research Office	26-09-2023	Thesis Submitted to Research Office
Indian Examiner Report Received	26-09-2023	Under Review
Public Viva Voce Scheduled	26-09-2023	not conducted

Procedure to view the Results for Students

Click on the student login page available on our Institute website www.crescent.education

Login with your user credential

For first time user:

User Name : Student RRN

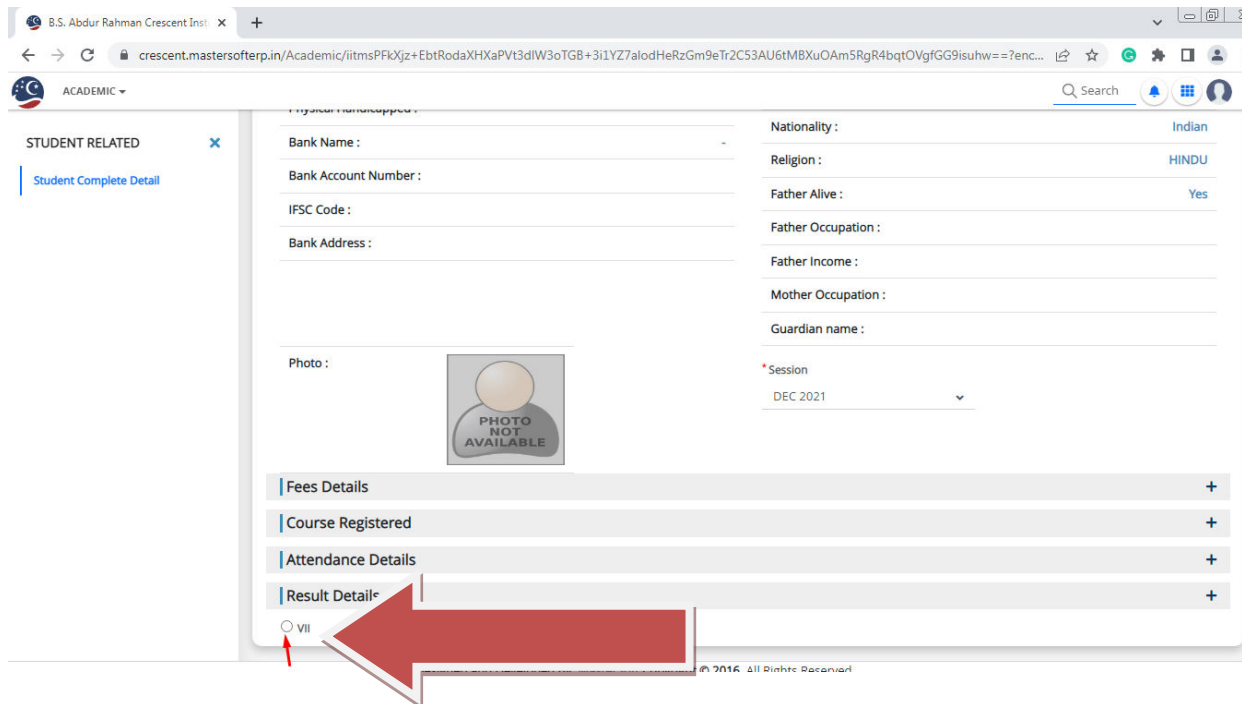

Password : Student RRN

Then follow the procedure
(If you have any doubts,
then contact your class
advisor)

After you logged in, Click on the Academic -->> Student Related button as shown below:

Your complete details will be shown, **scroll down** to see the **Result Details** and then click on the semester number as shown below:

The screenshot shows a web application interface for a student portal. The browser address bar displays the URL: crescent.mastersofterp.in/Academic/itmsPFKXjz+EbtRodaXHxAPVt3dIW3oTGB+3i1YZ7alodHeRzGm9eTr2C53AU6tMBXuOAm5RgR4bqtOVgfGG9isuhw==?enc.... The page title is "ACADEMIC". On the left, there is a sidebar with "STUDENT RELATED" and "Student Complete Detail". The main content area includes fields for "Bank Address", "Father Income", "Mother Occupation", "Guardian name", and "Session" (set to "DEC 2021"). A "Photo" field shows a placeholder "PHOTO NOT AVAILABLE". Below these are expandable sections for "Fees Details", "Course Registered", "Attendance Details", and "Result Details". The "Result Details" section is expanded to show "Student Semesterwise History Details" for session "VII". A table with columns "Show", "Session", "Section", "TotSub", "RegCr.", "EarnCr.", "SGPA", "CGPA", "Result Dt.", and "Print." is visible. The first row shows "DEC 2021" in the "Session" column and "13/04/2022" in the "Result Dt." column. A red arrow points to a small downward arrow icon in the "Session" column, and another red arrow points to a printer icon in the "Print." column.

Show	Session	Section	TotSub	RegCr.	EarnCr.	SGPA	CGPA	Result Dt.	Print.
	DEC 2021							13/04/2022

on the screen
click on this down
arrow button.

To download your
result as pdf
click on this print
image button.

Procedure to Mark Attendance

1. Go to Academic and select "Faculty Related"

The screenshot shows the EKRHRIS portal dashboard. In the top-left sidebar, a red arrow points to the 'Faculty Related' menu item. The main dashboard area contains several widgets: 'Active Notice/News' with a date filter for March 16, 'Quick Access' showing 'No Records To Display..', 'In / Out Time' with columns for Day, In-Time, and Out-Time, 'Class Time Table' and 'Exam Time Table' both showing 'No Records To Display..', and 'Tasks' also showing 'No Records To Display..'. The top navigation bar includes 'ACADEMIC', 'EXAMINATION', 'PAYROLL', and 'ESTABLISHMENT'.

2. Select the Date/Course.

The screenshot shows the 'Attendance By Faculty' page. A red arrow points to the date '13' in the calendar grid. The page includes filters for School/Institute (School of Mechanical Sciences), Session (May 2022), Degree (Bachelor of Technology), and Scheme Type (Regular). The calendar grid shows dates from April to June. A legend at the bottom explains the notations used in the calendar: a green padlock for 'Unlocked Lecture Day', a red padlock for 'Locked Lecture Day', a yellow square for 'Holiday', a blue square for 'Restricted Holiday', a green square for 'Shifted Lectures', a red square for 'Restricted Lecture', a blue square for 'Current Date', and a purple square for 'Restricted Lecture'.

Notation	Description	Notation	Description
	Unlocked Lecture Day		Locked Lecture Day
	Holiday		Restricted Holiday
	Shifted Lectures		Current Date
	Regular Lecture		Restricted Lecture

3. Select the subject for marking the attendance.

The screenshot shows the 'Attendance By Faculty' interface. A modal window titled 'Subjects details for Attendance' is open, displaying a table with the following columns: Subject, Section, Lecture Type, Status, Submit By, and Submitted Date. The table contains three rows of subject information, with a red arrow pointing to the first row.

Subject	Section	Lecture Type	Status	Submit By	Submitted Date
MEC 2212 - Fluid Mechanics and Machinery-Mech-IV - [01:40PM - 02:30PM]-Period 5	B	Regular	PENDING	----	
MEC 2212 - Fluid Mechanics and Machinery-Mech-IV - [02:30PM - 03:20PM]-Period 6					
MEC 2212 - Fluid Mechanics and Machinery-Mech-IV - [03:20AM - 04:10AM]-Period 7	B	Regular	PENDING	----	

4. Enter the topic covered and to mark the absentees as shown below then click submit button.

The screenshot shows the 'Attendance By Faculty' interface with the following details:

- Date:** 12/05/2022
- Course:** MEC 2212 - Fluid Mechanics and Machinery-Mech-IV - [01:40PM - 02:30PM]-Period 5
- Class Type:** Regular Class
- Attendance Status:** Completed
- Topic Covered:** Enter Topic Covered
- Total:** 51
- Present:** 50
- Absent:** 1
- OD:** 0
- Buttons:** SUBMIT, ATTENDANCE REGISTER, BACK, CANCEL
- Note:**
 - [Checked = Present, Unchecked = Absent, RRNO (Green) = OD Approved, RRNO (Red) = Absent]
 - Attendance Status (Holiday) - Attendance will not be calculated.
- Student List:**

CHAPTER-1

INTRODUCTION TO E-Learning

e-Learning, also known as **ITLE- (Interactive Teaching and Learning Environment)** is the Teaching - Learning process using modern Technologies - such as Computer, Inter-net, Smart-phones, SMS & a software interlinking these all. This is an additional tool. Some terms which are frequently interchanged with e-Learning or ITLE includes:

- Online Learning / Education
- Distance Education / Learning.
- Technology-based training.
- Web-based learning / training.

To achieve its objectives, ITLE has a rich set of tools and resources such as online Test – Descriptive & MCQ, online learning facility, assignment, E-library, announcement on virtual board, discussion forum, teaching plan, syllabus and result report etc.

The admitted student(s) entries can be transferred to ITLE by following the steps mentioned in ITLE Configuration option. Similarly, the data of admitted students will be automatically available from Academic Module.

■ LOGIN

On entering specified URL, following figure appears on the screen showing User login screen.

B.S. Abdur Rahman

Figure – Login

After successful login, User enters into the main menu.

■ MAIN MENU

Select e-Learning / ITLE module to start using e-Learning package. Since user type is a faculty, the user will be assigned with following links.

Figure - Main menu - E-Learning

LINKS ASSIGNED FOR FACULTY

Various options available to Faculty Users are initially described in brief and latter on in detail.

- **Select Course** – The first step in ITLE module is to select course because module works as per current session and course selected. After selecting course, User can use any form from list.
- **Create Assignment** form is used for creating assignments for students.
- **Create Announcement** creates announcement for students.
- **Create E-Library** is used for creating E-Library links.
- **Assignment Evaluation** is used for getting student assignment result report.
- **Create Syllabus** is used for creating syllabus.
- **Create Syllabus unit** is used to create unit under syllabus.
- **Syllabus Detail Entry** is used to enter syllabus details for the selected topic
- **Create Lecture Notes** is used to create lecture notes.
- **Create Teaching Plan** is useful for creating teaching plan.
- **Question Bank** is used to create question bank which will be used while test creation.
- **Create Test** creates Test for student.
- **Reply to FAQ** - Faculty can reply to FAQ sent by the students.
- **Send Email** is used to send emails to faculty as well as students.
- **Export Question Bank from Excel** exports questions to excel file.
- **Import Question Bank from Excel** imports questions from excel file.
- **Allow Retest** - Faculty can allow to appear the students for retest due to some valid reason.
- **Discussion Forum** is for communication between student and faculty.
- **Student Roll List Report** generates student roll list report.
- **Test Result Report** gives Student Test Result report.
- **Subject Wise Test Result Report** gives subject-wise test result report.
- **Answer sheet copy of Student** generates print-out of student test result answer sheet.
- **Mail Message** is used for mail between student and Faculty.
- **File Size Configurations** - Using this form, User can define the maximum size of files which is to be attached by different users like faculty, students and admin etc.

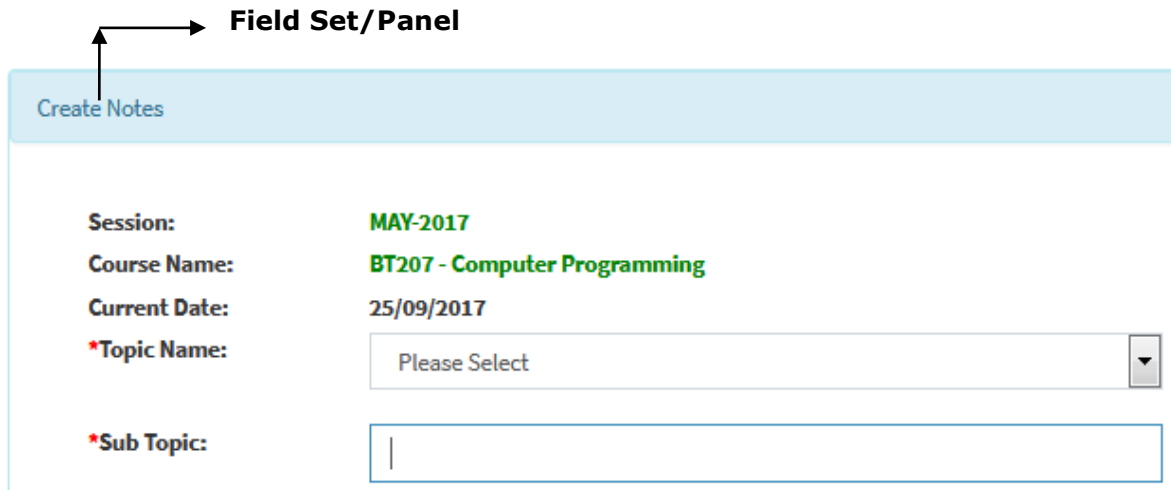

All the above options that available to faculty are defined in the following content.

Common Functionalities used in the application:

- Click <**Edit or Modify**/  > to modify the record
- Click <**Delete** /  > to delete the record
- Click <  > or <**Save**> to save the record.
- Click <  > for attachment
- Click <  > to clear the fields and start over fresh.
- Click <**Add New**> to add new record
- <*> shows fields are marked as mandatory.
- <+> shows auto showbox. To select the data from auto showbox, press space bar.
- Enter the relevant characters in <**Search**> field shown on right top of the screen to search the specific record.
- Click on < > to sort out the records. It sorts out record alphabetically or in ascending/descending order.
- Click on < > to expand the record and to view the details
- Facility to move to <**Previous**> or <**Next**> page is given on right bottom of the screen.
- Click on <**Back**> button to go back to previous window.

The terms that frequently used in the User Manual:

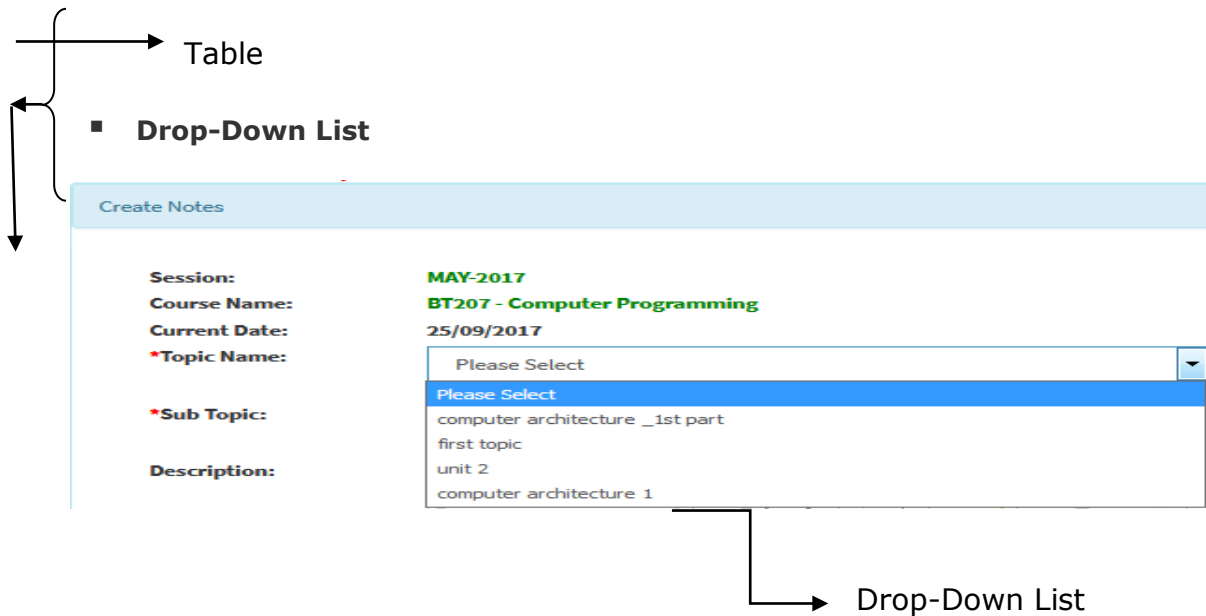

- Field Set

- Table

CHAPTER-2 TRANSACTIONS

■ SELECT COURSE

The first step in E-Learning Module is to select course / subject for which faculty has to perform transactions. It is compulsory as next transactions are based on this course.

Link: E-Learning -> Transaction -> Select Course

On click of this link, it displays the screen as shown below.

Figure - Select Course

- Session - Select session from drop-down list. On selection of session, it opens the screen with course / subject list as shown below.
- It shows subject list which is already assigned to Faculty. The work (Assignment, syllabus etc) created by the faculty for that course will be available to the students who registered for the same course / subject.
- To work on the desired course, faculty first needs to select that course / subject.

Course Name	Subject Type
BT207 - Computer Programming	Theory
BT257 - Computer Programming	Laboratory

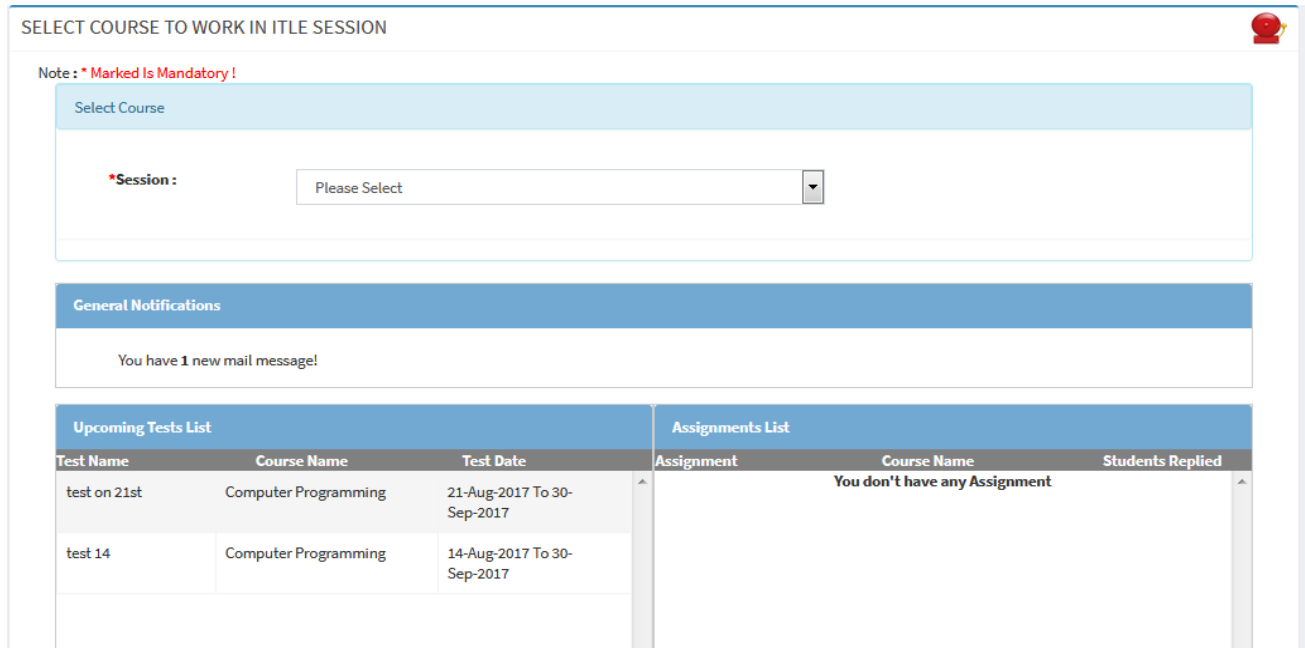

Figure - On Selection Of Session

Click on course / subject link to select the course / subject. On selection of subject, it opens a screen and shows the details such as Session, User Name, and selected Course Subject Name etc.

Figure - On Selection of Subject

Now, to exit from this screen and to get the desired menu, go to link – E-Learning -> Transaction/Report and select the desired link.

After login by faculty, it opens the screen to select the course. On right corner of the page, there is a symbol  to view Notification of events like upcoming test, new assignments created, mail message received, new forum created etc.

SELECT COURSE TO WORK IN ITLE SESSION

Note: * Marked Is Mandatory !

Figure - On Click of  >

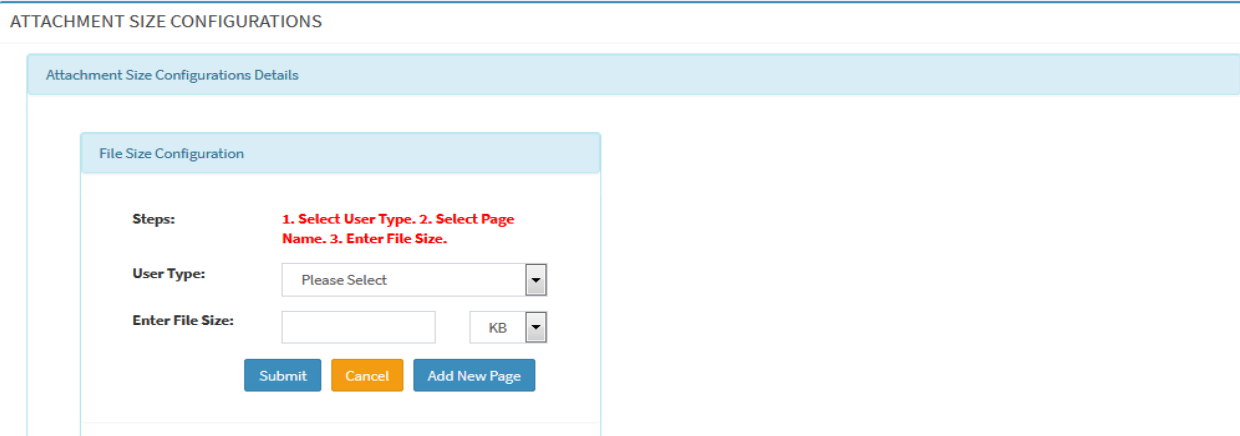

■ **SIZE CONFIGURATION OF ATTACHMENT**

This option is used by administrator to define the size of files that can be attached in various links like Assignment, Announcement, E- library etc. Using this link, user can define the size of uploading files for various types of users such as Faculty, Student, admin etc. Along with this, admin can add the other pages if required.

As administrator configures file size, then by default, same size will be applicable for all types of pages for all user type. These file size can be then changed page wise and user type wise by admin or authorized user as per requirement.

Link: E-Learning -> Transaction -> Size configuration of Attachment

On click of this link, it opens the screen as shown below.

ATTACHMENT SIZE CONFIGURATIONS

Attachment Size Configurations Details

File Size Configuration

Steps: **1. Select User Type. 2. Select Page Name. 3. Enter File Size.**

■ CREATE ASSIGNMENT

In this menu, faculty can create assignments for students.

Link: E-Learning -> Transaction -> Create Assignment

On click of the link, it opens the screen as shown below. It shows the already added assignments at the bottom of the screen. Along with this, it also shows student list who already registered for the subject.

On right side, it shows the list of files formats that can be supported to assignment page. It also shows the file size limit that can be uploaded for the assignment page.

Figure – Selected Students For Assignment

When user completes assignment entry, the assignment will be shown in list view with status 'Active'. When it passes the 'Last Time of Submission', the status 'Active' will be changed to

'Expired'. Along with this, details such as date of creation, attached files can be seen. Refer the following figure.

The screenshot shows a form for submitting assignments. At the top, there is a table listing students with checkboxes, names, and email addresses. Below this table are three buttons: 'Submit', 'Cancel', and 'Assignment Report'. Below the buttons is a table titled 'Assignment List' with columns for Action, Subject, Created Date, Submission Date Time, Attachment, and Status.

Action	Subject	Created Date	Submission Date Time	Attachment	Status
	Flow chart	25-Sep-2017	10-Oct-2017 - 10:00:00 AM		Active
	UT	26-Aug-2017	27-Aug-2017 - 11:22:22 AM		Expired
	Assignment 22	14-Aug-2017	09-Sep-2017 - 11:11:11 AM		Expired
	C sharp	08-Aug-2017	09-Aug-2017 - 08:00:00 PM		Expired
	def	08-Aug-2017	09-Aug-2017 - 08:00:00 PM		Expired

Figure - Created Assignment List

On click of it saves the assignment and adds at the bottom of the screen.

If User wants to update particular assignment, click on **Edit** button of the desired assignment.

The details of assignment will be sent on Email Id of the student and also on mobile, provided SMS pack would have been purchased by institute.

The screenshot shows a detailed 'Assignment List' report. It includes session and course information at the top, followed by a table with columns for Sr. No., Assignment Topic and Description, Create Date, Submit Date, and Total Marks. The table lists several assignments, including 'Microprocessor', 'computer', 'C sharp', 'def', and 'Assignment 22'.

Sr. No.	Assignment Topic and Description	Create Date	Submit Date	Total Marks
1	Microprocessor Description : Write Short Notes on :-	24-Apr-2017	05-May-2017	10
2	computer Description : write computer system ??	20-Apr-2017	02-May-2017	10
3	computer Description : write computer system ??	21-Apr-2017	02-May-2017	10
4	abo Description : ???	21-Apr-2017	03-May-2017	10
Sr. No.	Assignment Topic and Description	Create Date	Submit Date	Total Marks
17	def Description : ???	08-Aug-2017	08-Aug-2017	2
18	C sharp Description : u step	08-Aug-2017	08-Aug-2017	4
19	Flow chart Description : Write Short Notes on :- 1. Flow chart 2. Coding	25-Sep-2017	10-Oct-2017	10
20	Assignment 22 Description :	14-Aug-2017	09-Sep-2017	22

CHECK ASSIGNMENT

Student Assignment Reply Back

Session : **MAY-2017**
 Current Date : **25/09/2017**
 Course Name : **BT207 - Computer Programming**
 Assignment Topic : **Flow chart**
 Student Name : **BHAGAT ROSHAN SUNIL**

Replied Answer :

Role of Flow Chart:

Put simply, **flowchart** symbols are specific shapes used to create a visual representation of a **program**. They can be as simple as three separate functions with one line connecting them, or they can be an entire web of functions.

Session: **MAY-2017**
 Course Name: **BT207 - Computer Programming**
 Current Date: **26/09/2017**
 *Topic Name:
 *Sub Topic:
 Description:

Role of Flow Chart:
 Put simply, flowchart symbols are specific shapes used to create a visual representation of a program. They can be as simple as three separate functions with one line connecting them, or they can be an entire web of functions.

Figure - Available Forums with Replied Messages Count

Click on Forum Link, it opens the screen as shown below which shows the messages sent by students.

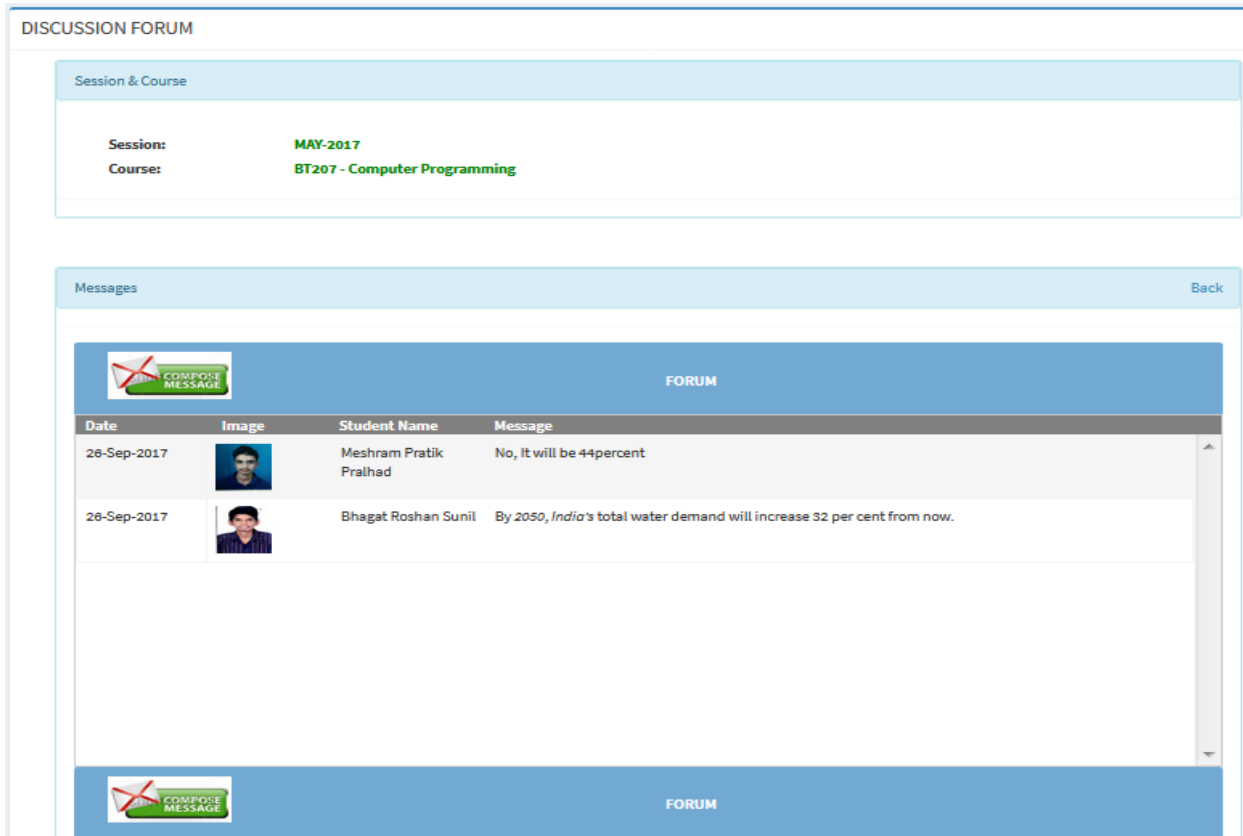

Figure - On Click of Forum Link

If faculty has to compose the message, click on  >.

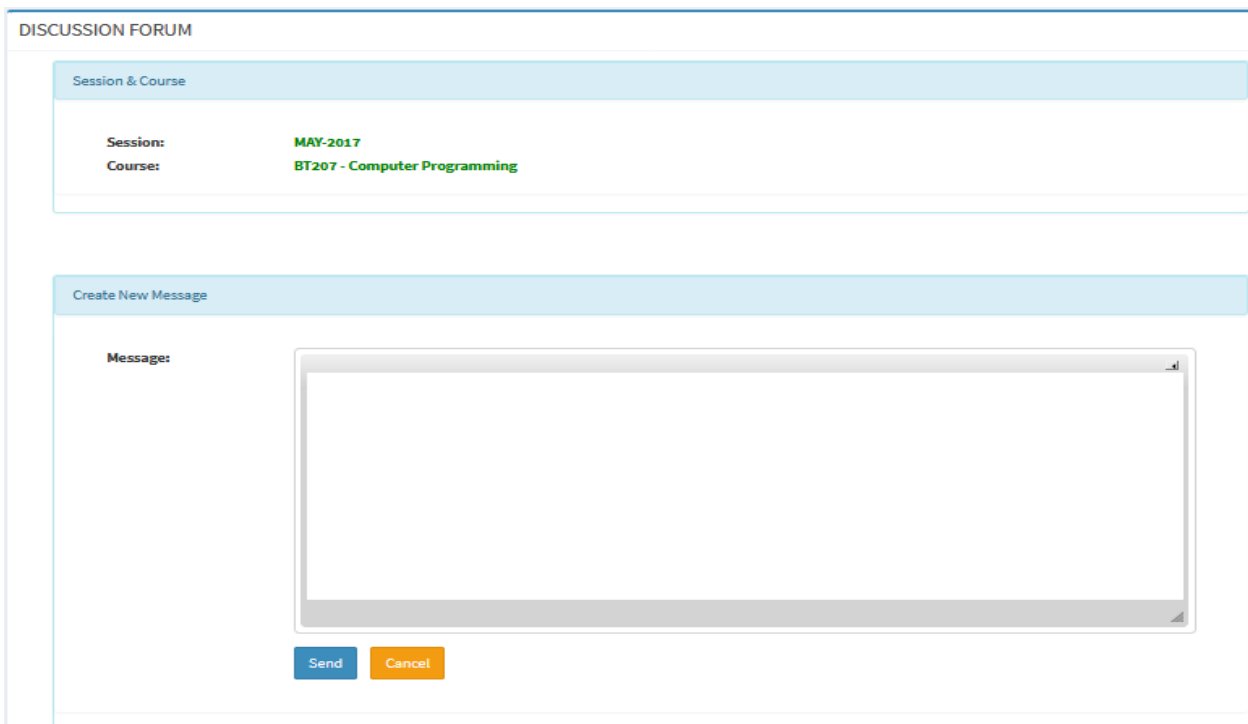

Figure - To Compose The Message On The Selected Forum

- Enter the message and click on <  >. It displays this message on the screen which was opened on click of Forum Link.

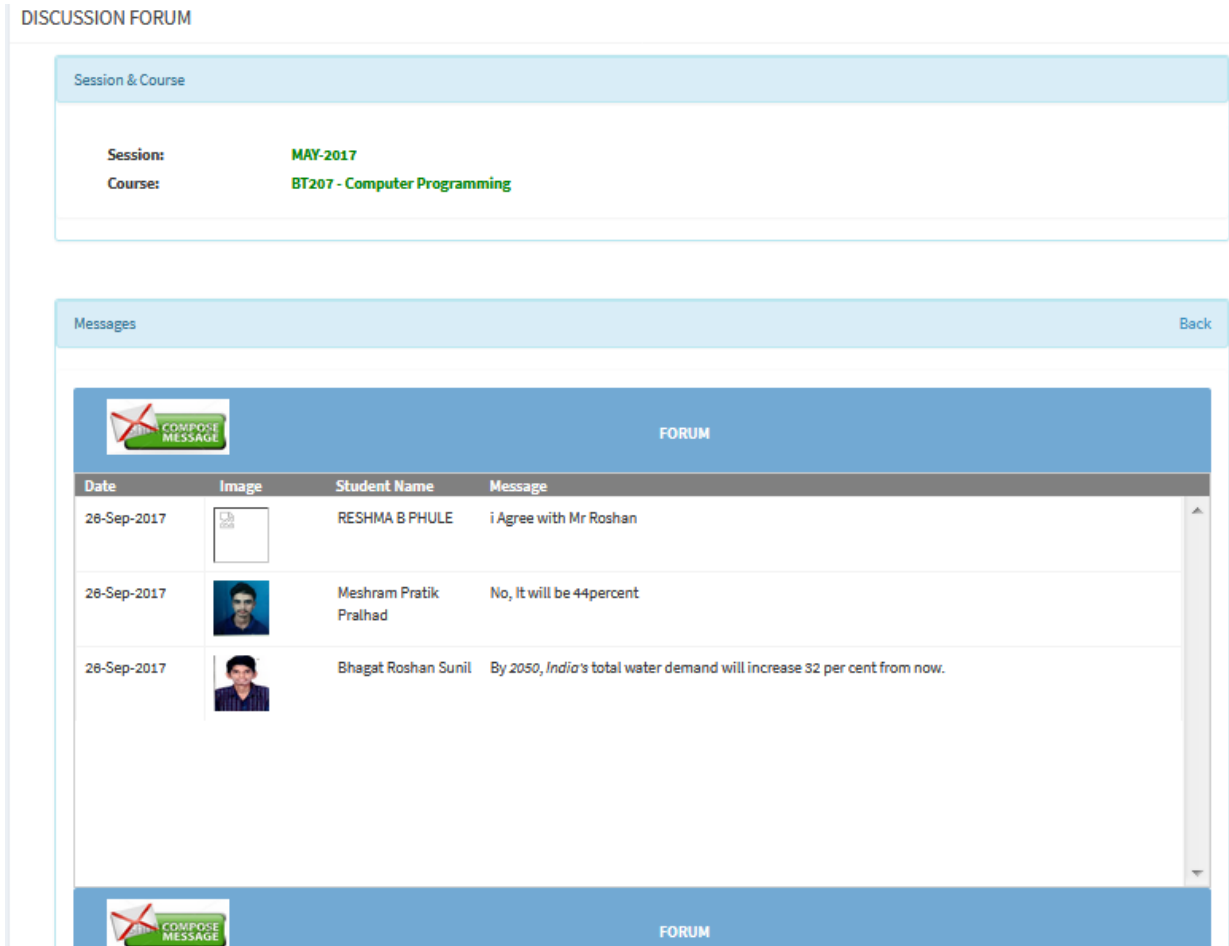

Figure - Showing Message on Screen Which Was Opened on Click of Forum Link

Click on <  > button shown in right-middle of the screen to go back. Note that it doesn't reflect the message count I.e. change the count for the logged in user. But at the same time, on login by other user, message count will be reflected.

These message count and then message will be seen on Faculty login to Link: 'E-Learning -> Transaction -> Discussion Forum' through its respective credentials.

■ MAIL MESSAGE

Mail Message is used for internal mailing i.e. mailing between student and faculty only. Note that it is not kind of regular mailing like gmail, but it is like IP messenger etc.

Link: E-Learning -> Transaction -> Mail Message

On click of link, it displays the message as shown below. There are four tabs which are:

- Compose Message - to create and send mail.
- Inbox - shows mails received. Here, user can mark the mail as 'Read' and 'Unread' by clicking on the link 'Mark as Read' and 'Mark as Unread' respectively.
- Sent Mail - shows mail sent.
- Trash - is used to store deleted mail.

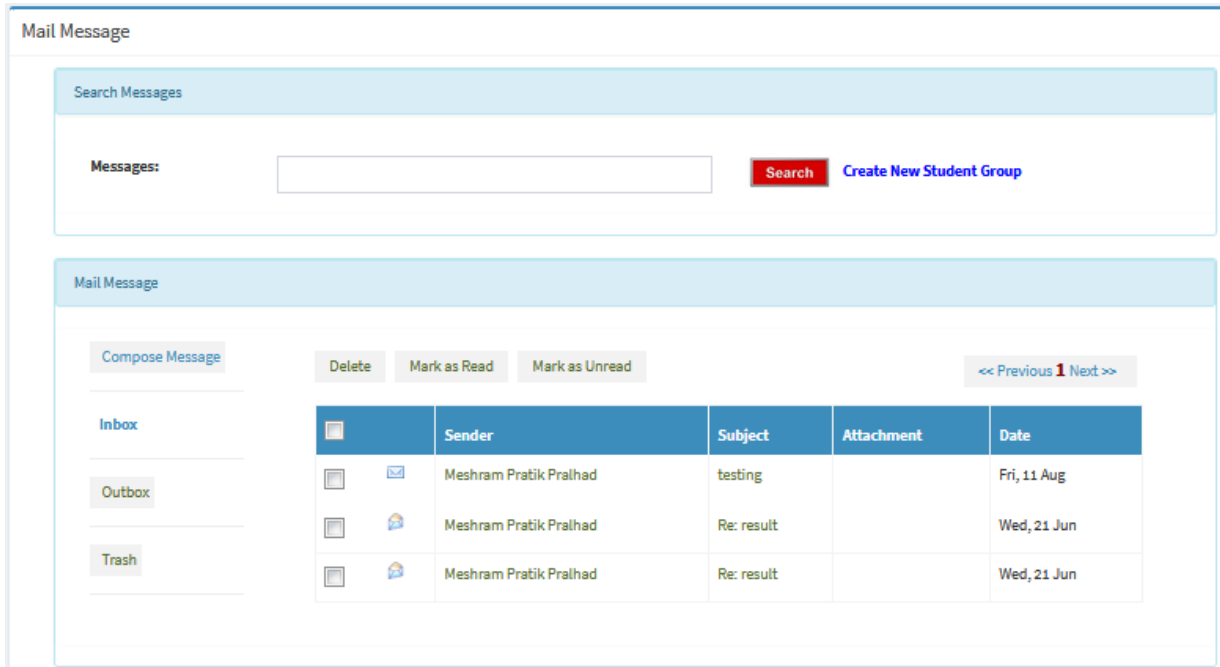

Figure - On click of Link

Click on [Compose Message](#) on left side, it opens the screen as shown below.

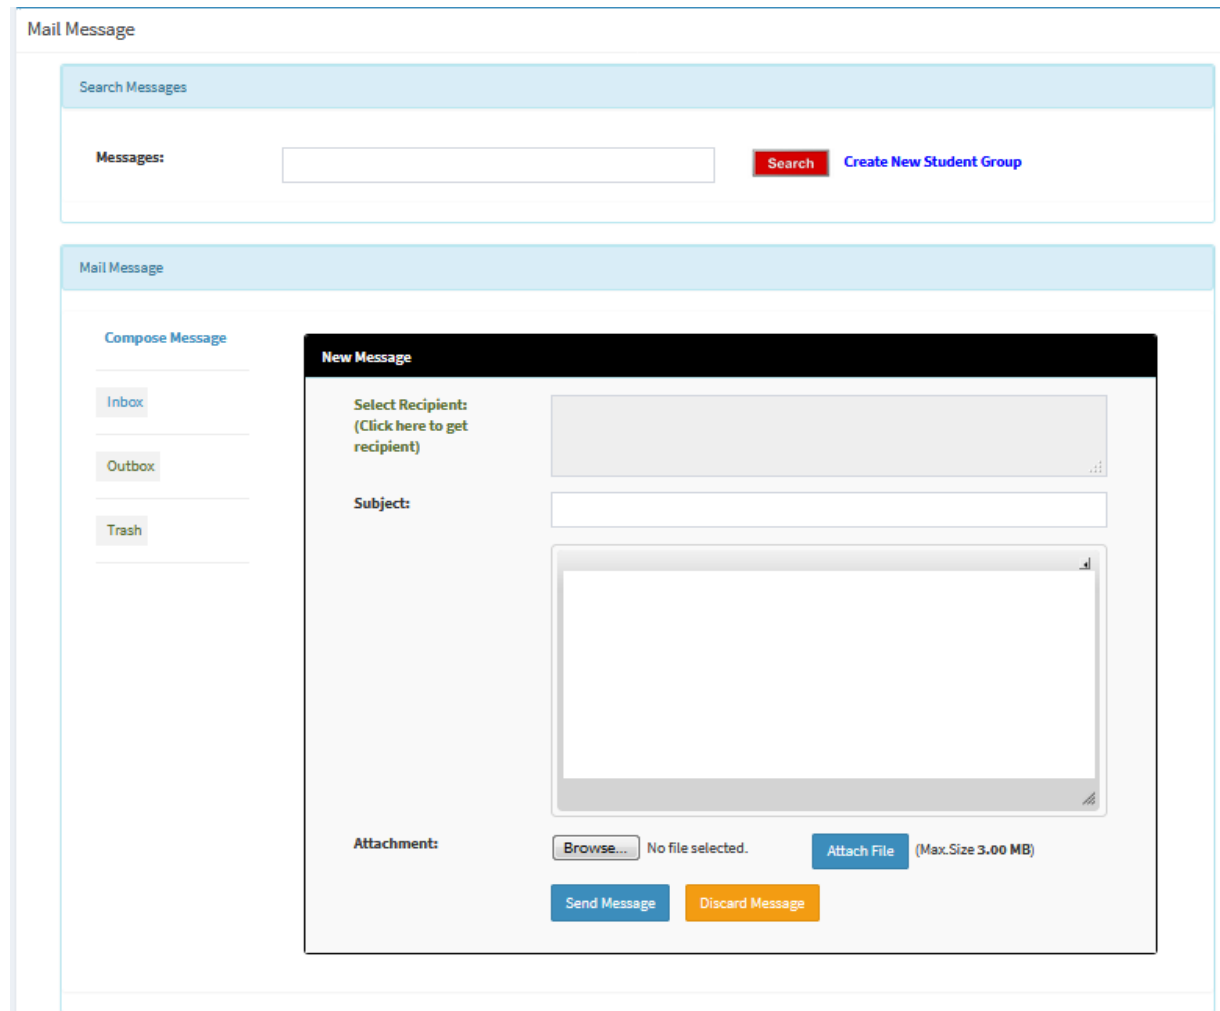

Figure - On click of [Compose Message](#)

- Select Recipient– Select the student or faculty to whom mail is to be sent. It is explained below about how to add or select the recipient to send the mail.
- Subject – Enter subject for the mail.
- Attachment – Attach file if required. Click on < >, select the desired file from location and click on < >

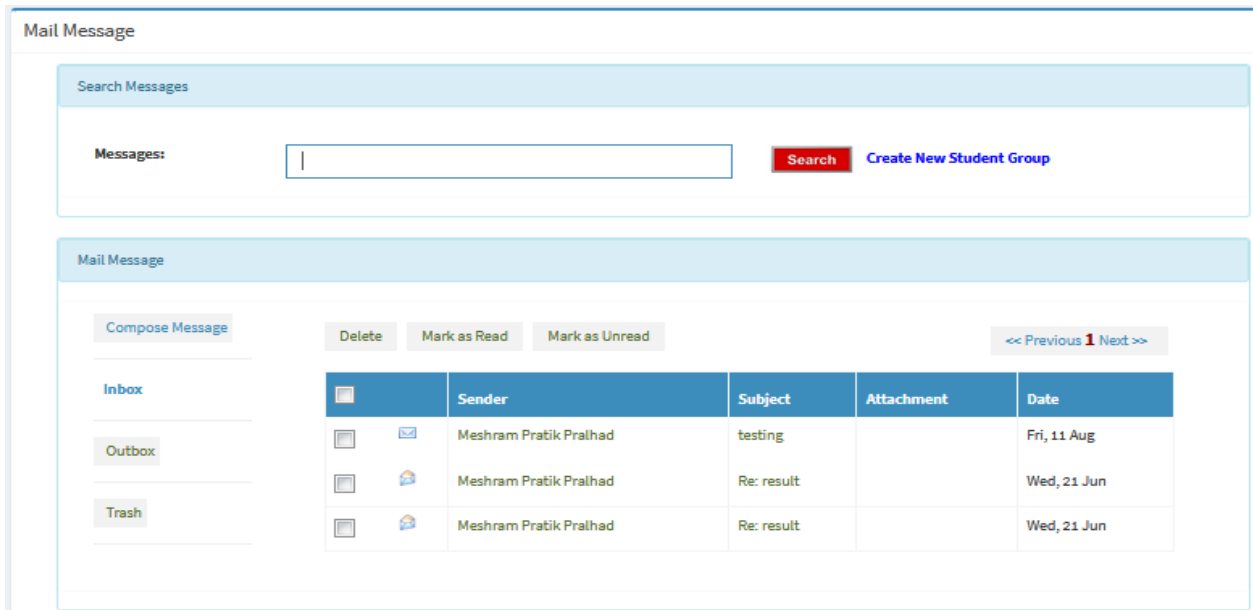

Figure - Mail Message in Inbox

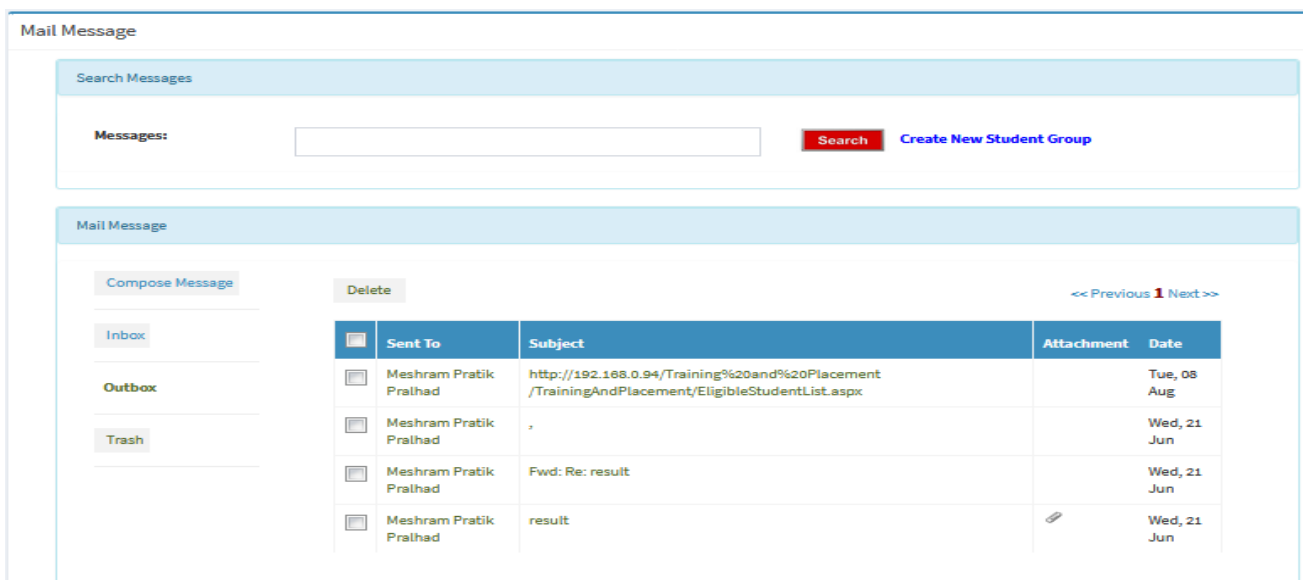

Figure - Mail Message in Outbox

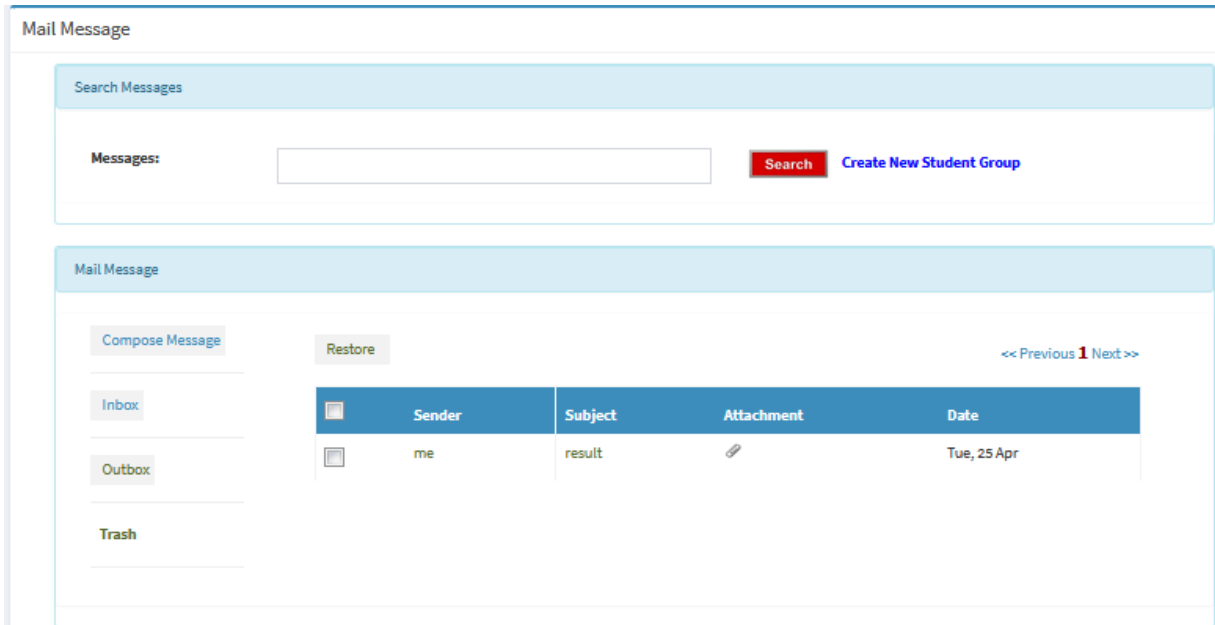

Figure - Showing Deleted Messages in Trash

In 'Trash' Tab, < **Restore** > button is used to restore deleted mail (from Inbox and Outbox). To restore, select mails by checking the checkbox which are to be restored accordingly. If all the mails are to be selected on single click, check the checkbox of 1st column heading and click on < **Restore** >. The mails will be restored in the respective tabs.

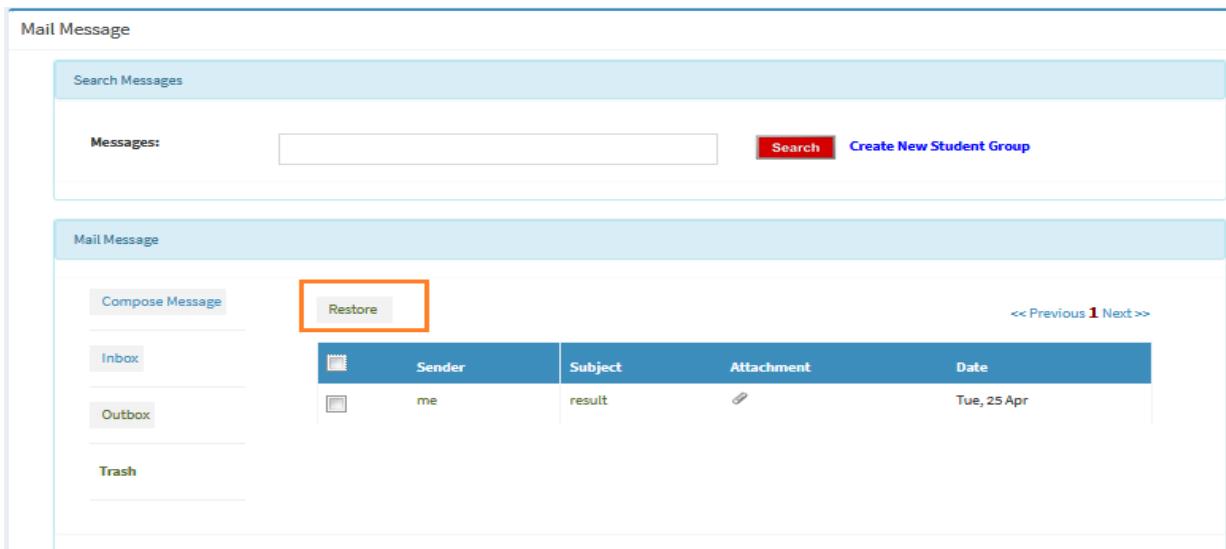

Figure – Button < **Restore > on 'Trash' Tab**

On top right side, < **Search** > field is used to search the details E.g. particular sender (when in tab 'Inbox')/receiver (when in tab 'Outbox'). Select the desired tab, enter the name in the field 'Message' and click < **Search** >, it will display the list accordingly.

Click on [Create New Student Group](#) shown on right side, following screen appears:

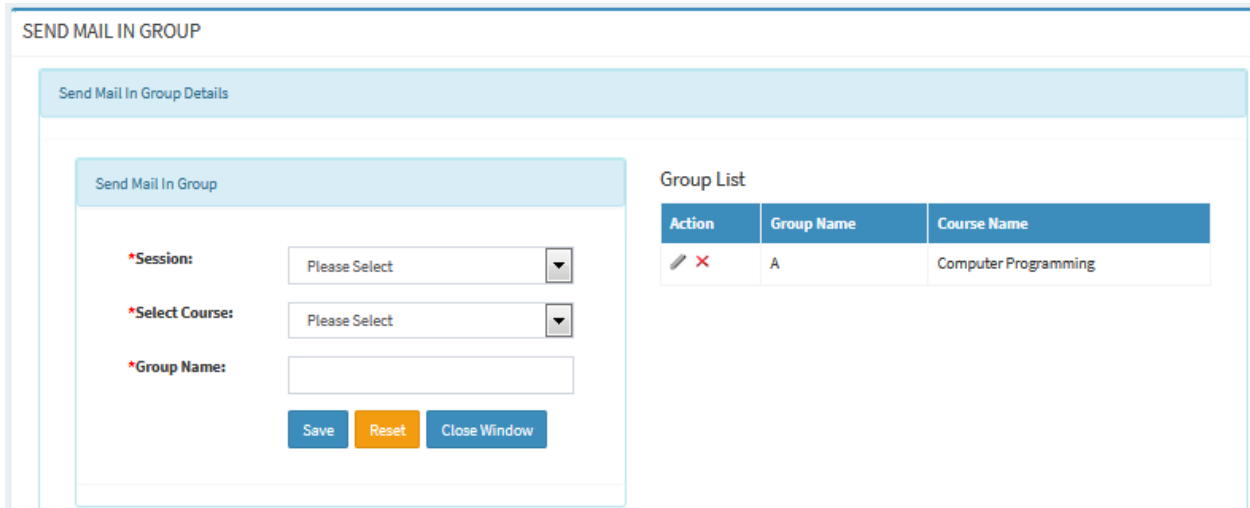

Figure - Create Student Group

It is used to create student group. Select session, course from its respective drop-down list and enter group name. Then, select student by checking the checkbox which are to be added in group. If all the students are to be selected on single click, check the checkbox of 1st column 'Enrl. No'.

SEND MAIL IN GROUP

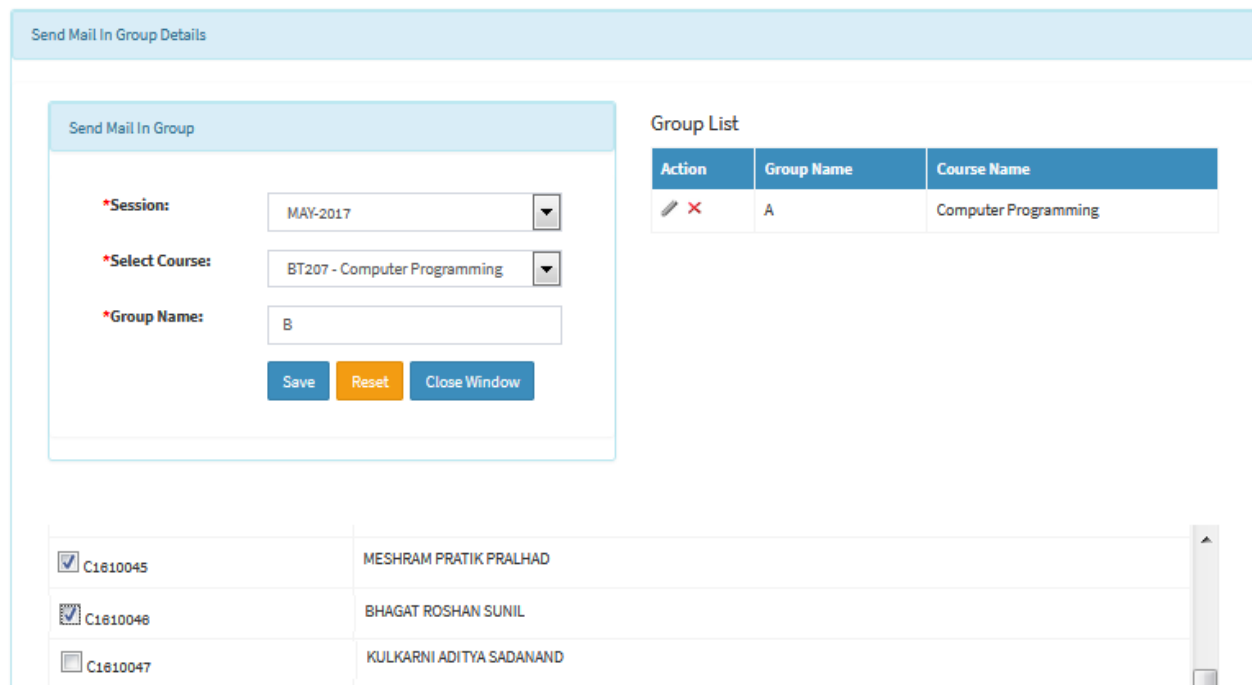

Figure - Group Creation

Click on button to save the record. This group name will be added in the table 'Group List' (right top of the screen).

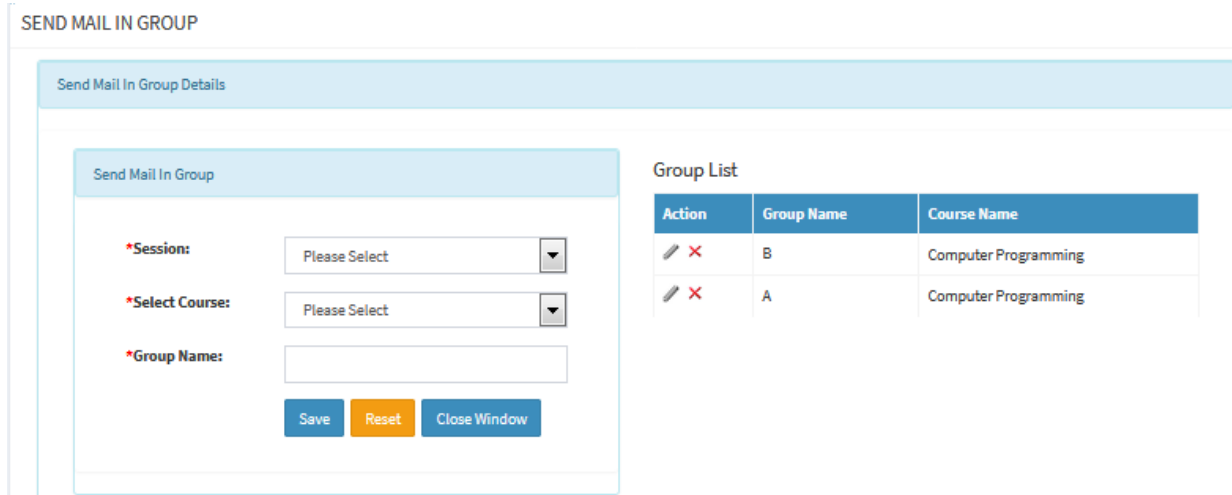

Figure - Group Added on Right Side

It can also be seen in tab – Compose Mail – It Opens the screen to select Recipients - click on Select Recipient – ‘Add Contact’ page – Option ‘Group Mail’ (left top of the screen).

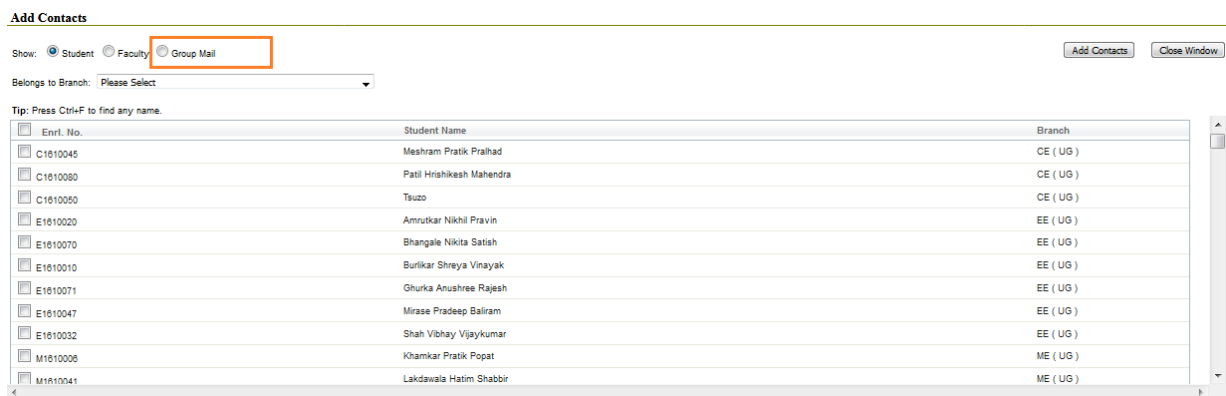

Figure - Option ‘Group Mail’ on Left Top

- Select any one of the option from ‘Student’, ‘Faculty’ or ‘Group Mail’
- Belongs to Branch - Select branch from drop-down list. It will display the list accordingly.
- Select the recipient by checking the checkbox to whom mail is to be sent. If all are to be selected at a time, check the checkbox of 1st column heading.
- Press ‘CTRL+F’ if particular student is to be searched.

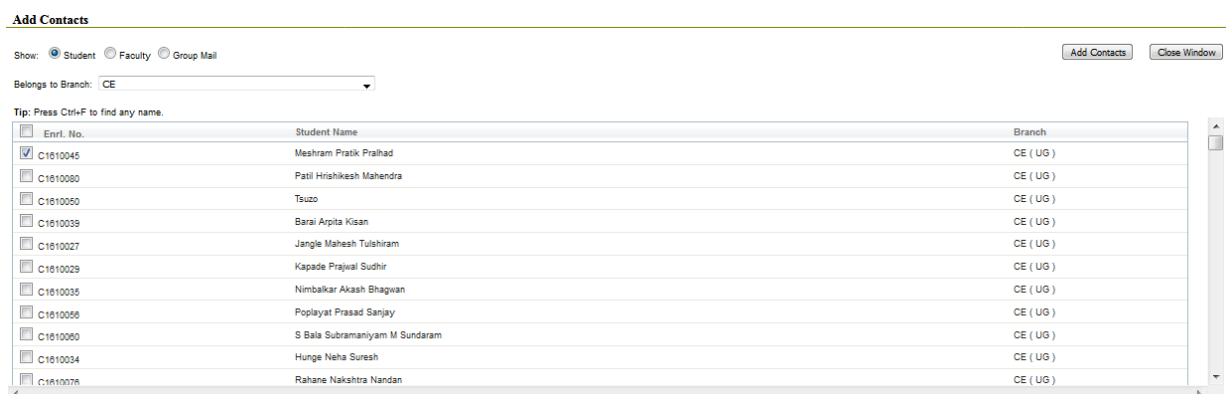

Figure - Mail Message in Compose Message

- Click on < **Add Contacts** > button (on bottom of the page). It goes to the back page where added contacts can be seen in the field 'Select Recipient (Click here to get Recipients)'.

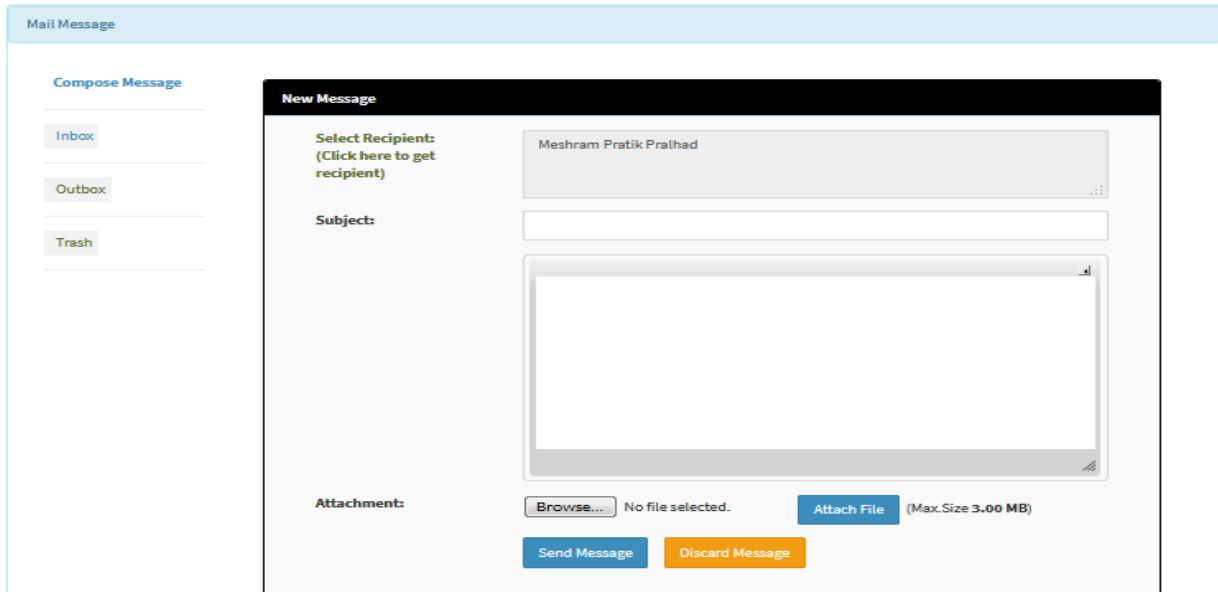

Figure – List of recipient on click of < **Add Contacts >**

- To send mail message to a group or to a particular student from a group, select the option 'Group Mail' shown on 'Add Contact' Page which appears of click of 'Select Recipient' field.
- It displays the list of group in the drop-down of next field 'Belongs to Group'. Select the desired group from the drop-down list of the field. It will display the list of recipient who is under the selected group.
- Check the checkboxes for desired recipients. If all the recipients are to be selected on a single click, check the checkbox of 1st column heading.

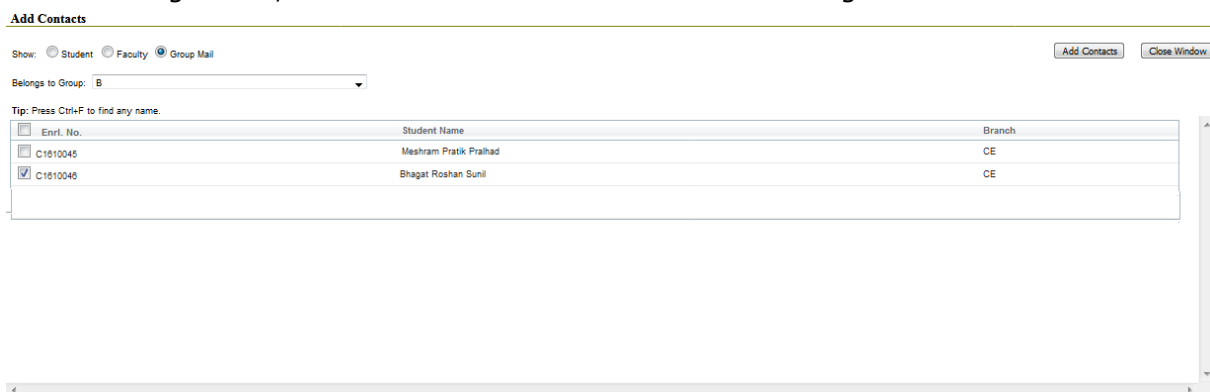

Figure – Selecting Recipient From Group

- Click on < **Add Contacts** > button (on right top of the screen). It goes to the back page where added contacts can be seen in the field 'Select Recipient'.
- Subject - Enter the subject and mail description in the respective text boxes.
- Upload File - Click on < **Browse...** >, select the file from location and click on < **Attach File** > to attach the file. Maximum Size limit that can be attached is 3 MB.
- < **Send Message** > - Click on button to send the message.

-  - On click on the button, it discards the message and goes to the 'Inbox' tab.

■ CREATE QUESTION BANK

This menu is used to create question bank which will be using while test creation.

Link: E-Learning -> Transaction -> Create Question Bank

On click of the link, it appears the screen as shown below. By default, option 'Objective Type' is selected.

Questions List

SrNo	Action	Question Text	Topic	Q.Marks
1		Who is the vice president of india..?	Current Affairs	1
2		Which state has announced Rs 50 lakh award for the Indian women's cricket team, which finished as runners-up in the Women's Cricket World Cup?	Current Affairs	1
3		Which government has informed the legislative assembly that the state's sex ratio has dropped to 899 in 2016 from 960 in the previous year?	Current Affairs	1
4		This state launched a flagship care companion health scheme recently.	Current Affairs	1
5		8, 27, 64, 100, 125, 216, 343		1

Figure - Objective Type Question Entry In Question Bank

If it is required to add the symbol, click on the link [Click here to insert Symbols Ω](#) . It opens the screen as shown below.

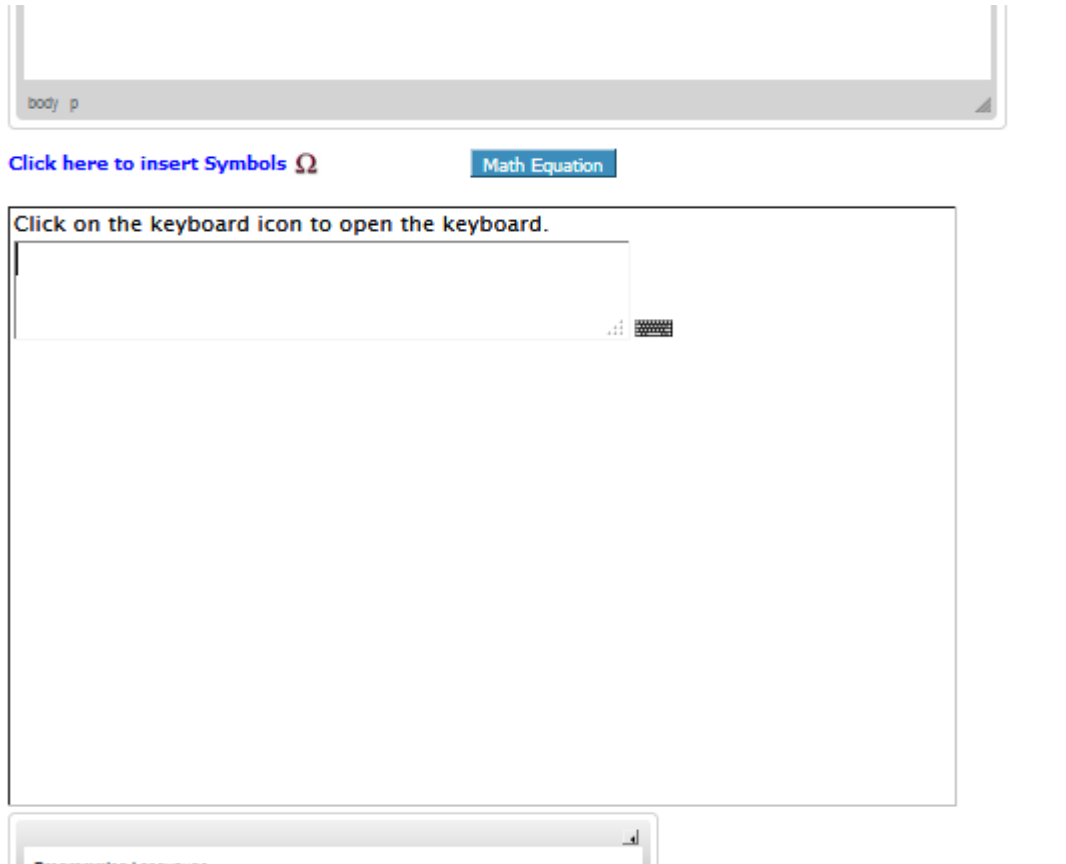

Figure - To Insert Symbol

It has a icon on its right side.

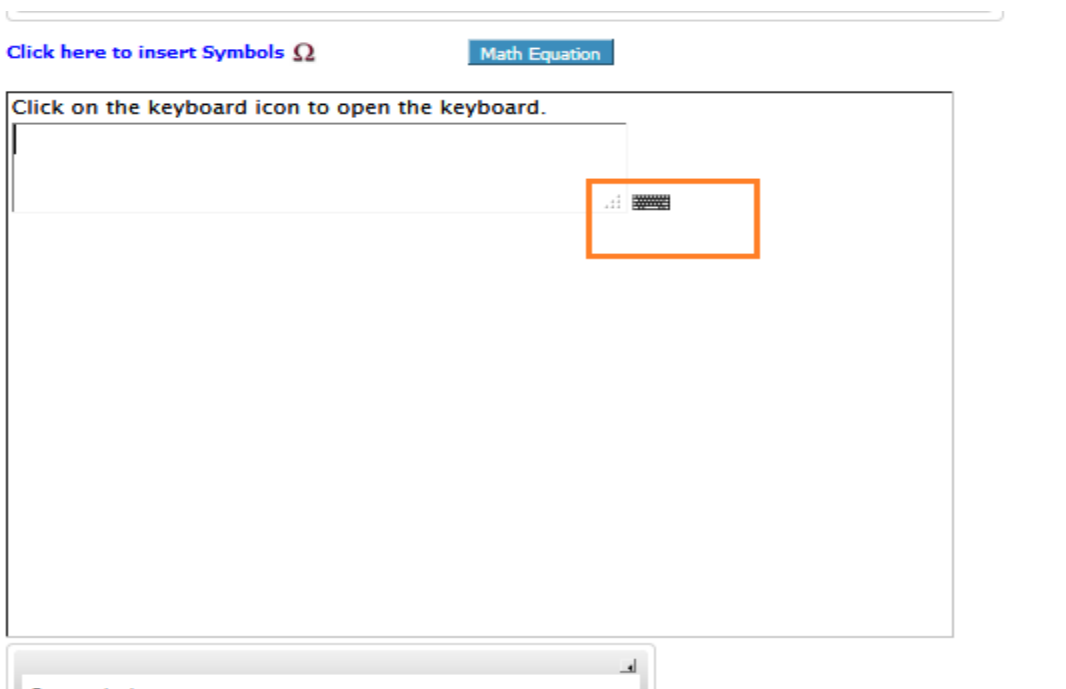

Figure - Mathematical Keyboard

Click on icon. It opens the mathematical keyboard. From this keyboard, Faculty can copy mathematical symbols if required.

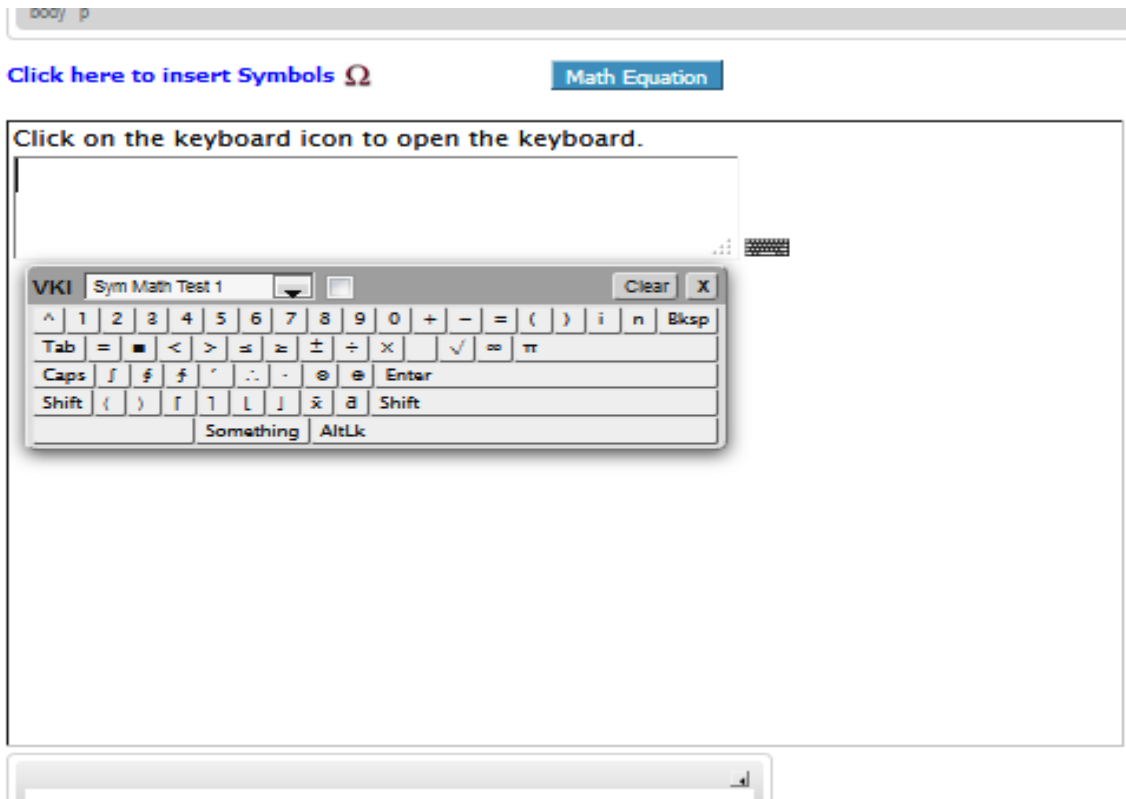

Figure – Mathematical Keyboard

To add complex mathematical equations, click on < **Math Equation** > button. It appears the equation editor screen as shown below.

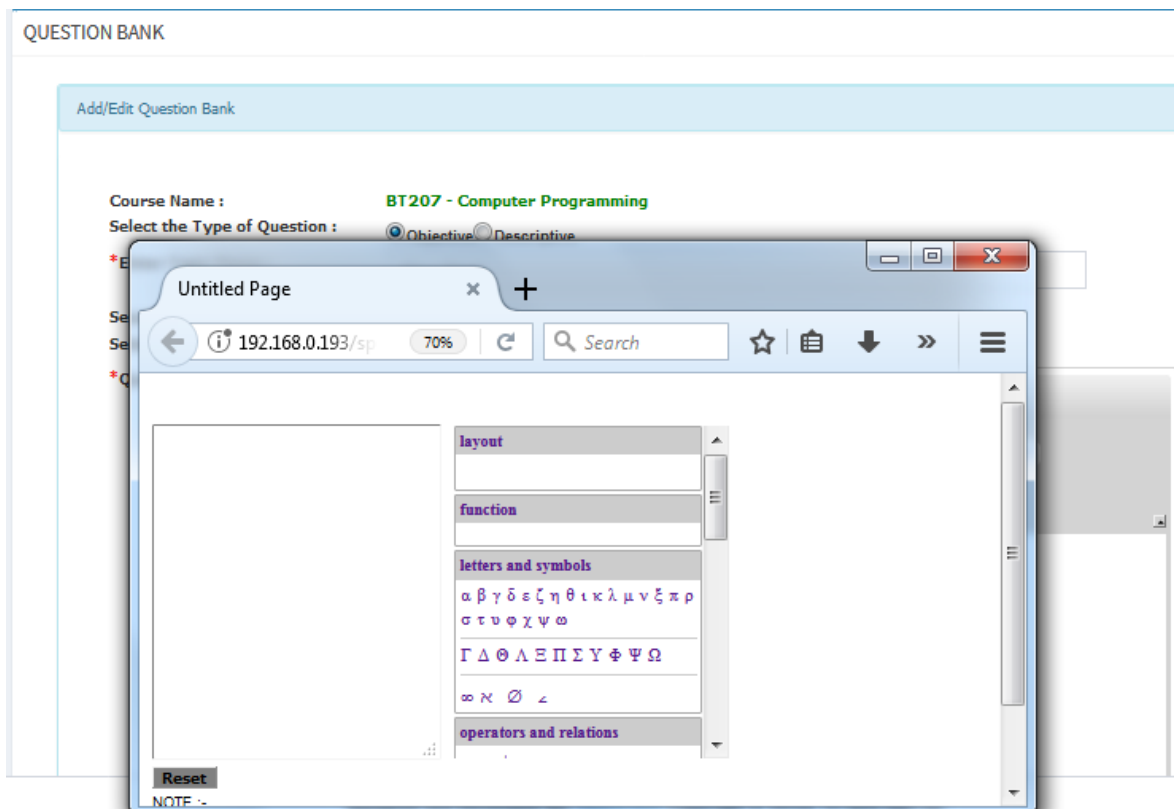

Figure – Screen To Create Maths Equation

Create equations as per requirement.

$$\int_0^{10} f(x) dx$$

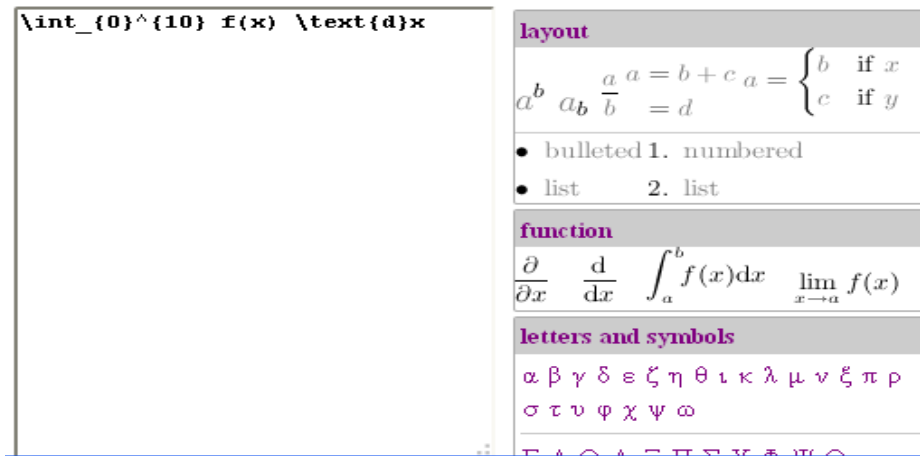

Figure - Equation Editor

Then, copy paste in text box 'Question' of main screen 'Create Question'.

- Answer 1 to Answer 6 - Enter the correct answer in any of the text box along with the dummy answers in the remaining text boxes. It is compulsory to enter the answer (1 correct and the other dummy) at least in two text boxes I.e. In 'Answer 1' and 'Answer 2'.
- Correct Answer – It displays the list of answer textboxes. Select the textbox in which correct answer is there.

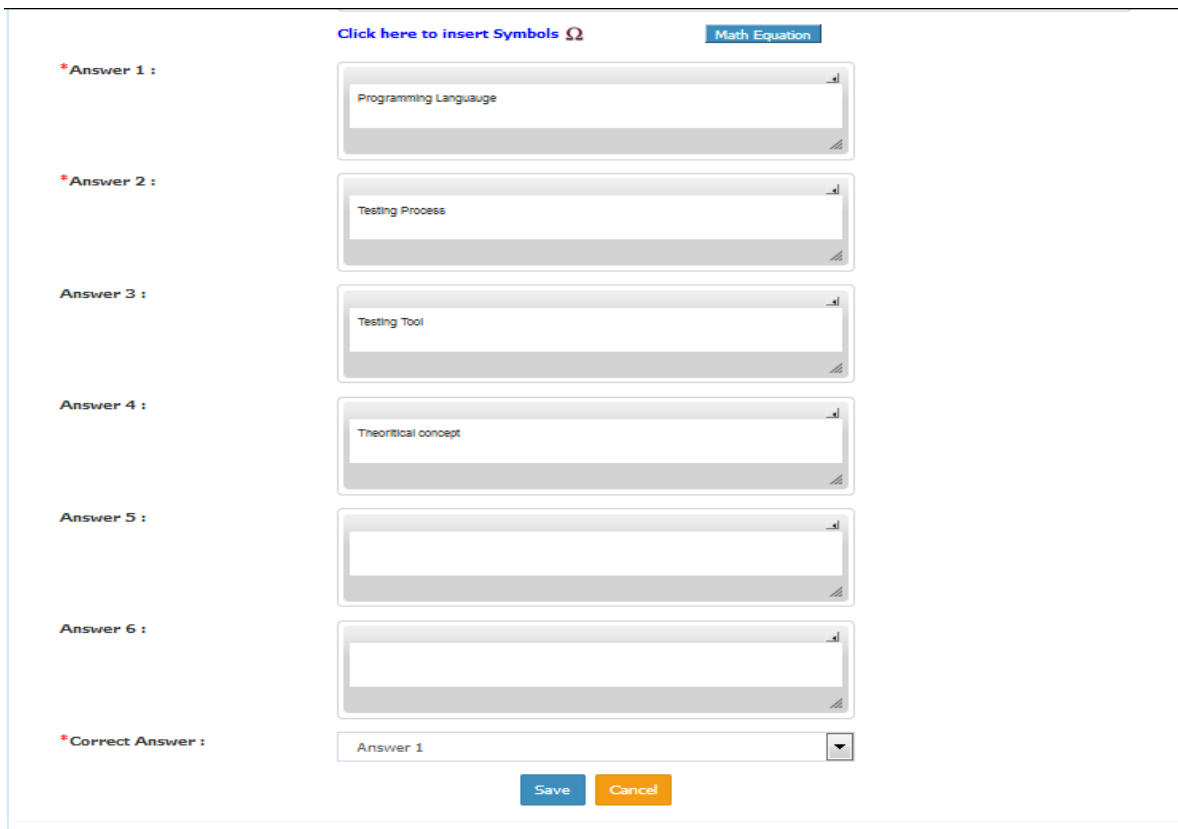

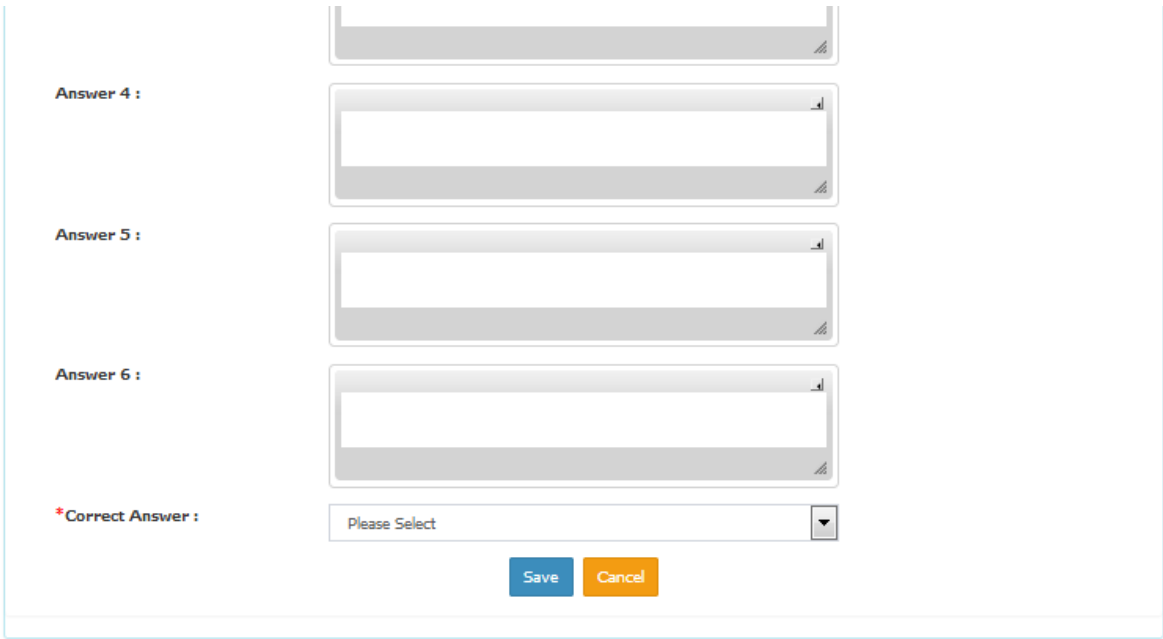

Figure - Answer Entry

On click of <  >, it adds the question at the bottom of the screen.

The screenshot shows a form with four text input fields labeled 'Answer 4:', 'Answer 5:', and 'Answer 6:'. Below these is a dropdown menu for '*Correct Answer:' with the text 'Please Select'. At the bottom of the form are two buttons: 'Save' (blue) and 'Cancel' (orange).

Figure - Import Question Bank from Excel

< **Submit To Database** > button is used to add contents of the excel file in to the Question Bank.

■ TEST CREATION

This menu is used to create the test for student.

Link: E-Learning -> Transaction -> Test Creation

On click of the link, it appears the screen as shown below. On the screen, it shows already created tests.

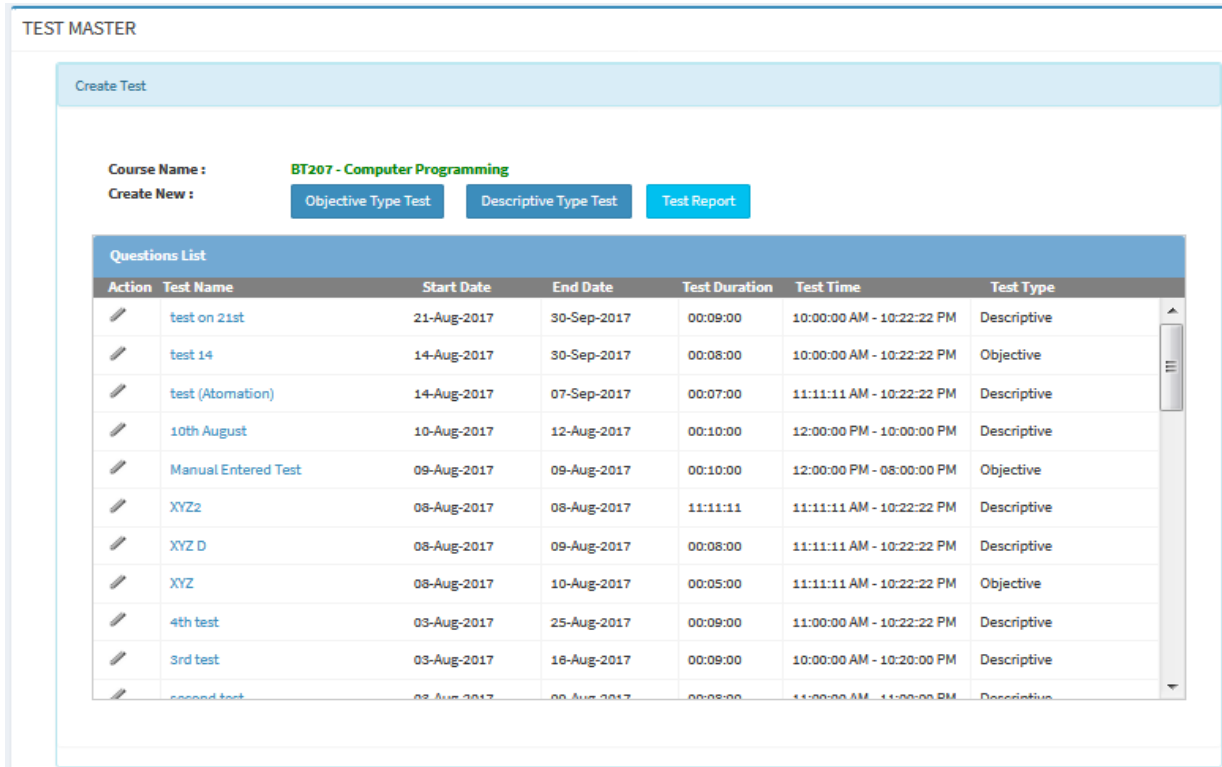

Figure - On Click of Link

On click of the test link shown in the 2nd column 'Test Name' of the table 'Question List', it opens the screen from which manual print out can be taken if required. Refer the following figure.

Session Name: MAY-2017 Course Name: BT207 - Computer Programming
 Test Name: Aptitude Test 1
 Welcome: RESHMA B PHULE
 Seat No: 204

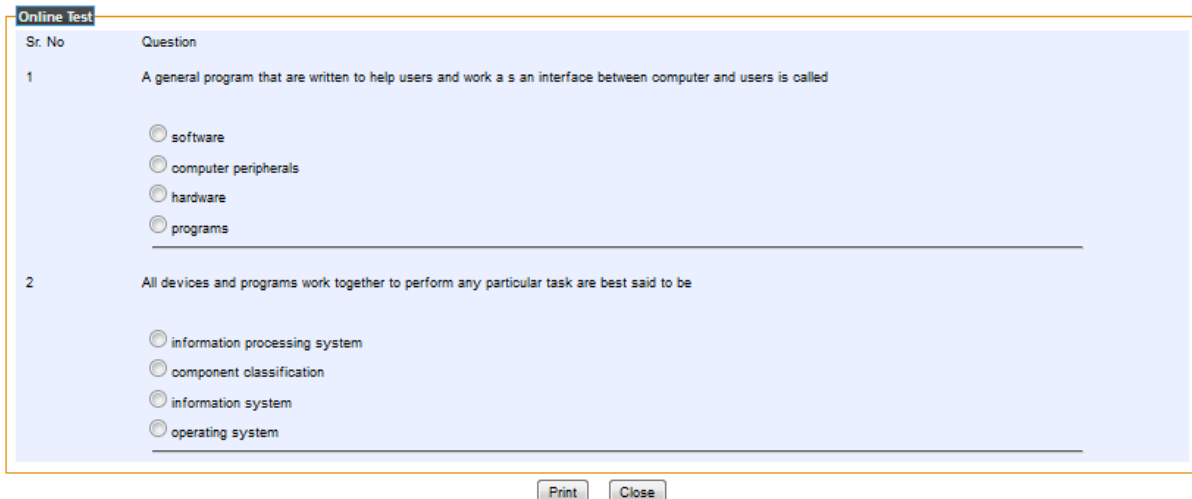

Figure – On Click Of Test Link In The Column 'Test Name'

Click on < **Objective Type Test** > to create objective type test and < **Descriptive Type Test** > to create descriptive type test.

On click of < **Objective Type Test** >, it opens the screen to create objective type test as shown below.

The screenshot displays the 'Add/Edit Test' interface, which is divided into two main sections: configuration on the left and a list of random questions on the right.

Add/Edit Test Configuration:

- *Test Name:** Text input field.
- *Start Date:** Date picker.
- *End Date:** Date picker.
- *Start Time:** Time picker (HH:MM:SS) with a '24 hour format' label.
- *End Time:** Time picker (HH:MM:SS) with a '24 hour format' label.
- *Test Duration:** Text input field with a 'HH:MM:SS' label.
- *No of Attempts Allowed:** Text input field (value: 1) with a note '(Enter 0 for unlimited attempts)'. There is also a 'Show Result After Test' checkbox.
- Add Questions into Test:** Radio buttons for 'Show Random' (selected) and 'Select Manually'.
- Apply Full Randomization:** Checkbox.
- Transfer Questions:** A red arrow icon and a link '(Click here when you select/deselect question)'. Below this are two text input fields for '*Total No of Questions For Test' and '*Total Marks For Test'.
- Buttons:** 'Submit' (blue) and 'Cancel' (orange).

Random Questions For Test Table:

SrNo	Topic	Ratio	Questions	Marks
1		0	1	1
2	account	0	1	1
3	Accounts	0	1	1
4	Current Affairs	0	4	1
5	Engineering Mechanics	0	1	1
6	Fundamentals	0	2	1
7	General Aptitude	0	1	1

Student List Table:

Student Name	Mobile Number	Roll No	Section
PATIL YASHODEEP MANOHAR	7040835808	-	-

NIMBALKAR AKASH BHAGWAN	7278370472	-	-
BAIS AJAY NANDKISHOR	7447215777	-	-

Figure – To Create Test

- Test Name – Enter the test name.
- Start Date – Enter start date of objective test from which student can appear for the test.
- End Date – Enter end date of objective test up to which student can appear for the test.
- Start Time – Enter start time of objective test from which student can appear for the test.
- End Time – Enter end time of objective test up to which student can appear for the test.
- Test Duration – Enter time duration for the test.
- No. of Attempts Allowed – Enter the no. of attempts allowed. Enter '0' (Zero) for unlimited attempts.
- Show Result after Test – Check its checkbox if the result is to be shown to the student after test
- Add Question into Test – Select the option either 'Show Random' or 'Select Manually'.

- Check the checkbox 'Apply Full Randomization' to apply full randomization.
- On right side, it shows the table 'Random Question for Test' to enter no. of question to be selected from topic. Refer the following figure.

Random Questions For Test				
SrNo	Topic	Ratio	Questions	Marks
1		<input type="text" value="0"/>	<input type="text" value="1"/>	<input type="text" value="1"/>
2	account	<input type="text" value="0"/>	<input type="text" value="1"/>	<input type="text" value="1"/>
3	Accounts	<input type="text" value="0"/>	<input type="text" value="1"/>	<input type="text" value="1"/>
4	Current Affairs	<input type="text" value="0"/>	<input type="text" value="4"/>	<input type="text" value="1"/>
5	Engineering Mechanics	<input type="text" value="0"/>	<input type="text" value="1"/>	<input type="text" value="1"/>
6	Fundamentals	<input type="text" value="0"/>	<input type="text" value="2"/>	<input type="text" value="1"/>
7	General Aptitude	<input type="text" value="0"/>	<input type="text" value="1"/>	<input type="text" value="1"/>

Figure – Random Questions for Test

This table shows –

1st column 'Sr. No' - Sr.No.

2st column 'Topic' - list of topics.

3nd column - Ratio. Enter the number of questions that to be selected from topic.

4rd column 'Question' - This column shows the topic wise no. of questions available

5th column 'Marks' - By default, it considers '1' marks for objective question.

Option 'Randomly' – By using this option, it selects the topics sequentially. E.g. Refer the above figure. As the option is 'Randomly', Firstly, it selects the 1 question from first topic 'account'. Secondly, it selects 1 question from second topic 'Accounts'. Then, it selects 4 questions from 3rd topic 'APTITUDE' and so on. In 'APTITUDE', if there are 4 questions and ratio 2 is entered, then it will select any 2 questions out of 4. On question paper, questions will also be appeared accordingly. Same question paper will be shown to all selected student.

Random Questions For Test				
SrNo	Topic	Ratio	Questions	Marks
3	Accounts	<input type="text" value="0"/>	<input type="text" value="1"/>	<input type="text" value="1"/>
4	Current Affairs	<input type="text" value="1"/>	<input type="text" value="4"/>	<input type="text" value="1"/>
5	Engineering Mechanics	<input type="text" value="0"/>	<input type="text" value="1"/>	<input type="text" value="1"/>
6	Fundamentals	<input type="text" value="1"/>	<input type="text" value="2"/>	<input type="text" value="1"/>
7	General Aptitude	<input type="text" value="0"/>	<input type="text" value="1"/>	<input type="text" value="1"/>
8	Java	<input type="text" value="0"/>	<input type="text" value="1"/>	<input type="text" value="1"/>
9	Latest Current Affairs	<input type="text" value="4"/>	<input type="text" value="4"/>	<input type="text" value="1"/>
10	math	<input type="text" value="0"/>	<input type="text" value="1"/>	<input type="text" value="1"/>

Figure – Random Questions for Test

Option 'Manually' – By using this option, user has to select the questions manually. On selection of this option, it displays list of questions on top-right of the page. E.g. Refer the above figure. Select the questions by checking the checkboxes.

Manual Questions For Test		
Questions	Topic	Total Marks
<input checked="" type="checkbox"/> 8, 27, 64, 100, 125, 218, 343		1
<input checked="" type="checkbox"/> Which technology was delayed during World War II ??? ???	account	1
<input type="checkbox"/> Addition of a computer lab to the building Rs. 1,00,000	Accounts	1
<input checked="" type="checkbox"/> This state launched a flagship care companion health scheme recently.	Current Affairs	1
<input type="checkbox"/> Which government has informed the legislative assembly that the state's sex ratio has dropped to 899 in 2018 from 960 in the previous year?	Current Affairs	1

Figure – Questions to Select Manually

On selection of this option, next checkbox 'Apply Full Randomization' gets disabled.

Option 'Apply Full Randomization' – By using this option, it selects and appears the questions on question paper randomly. E.g. Refer the above figure. As the option is 'Apply Full Randomization', firstly, it may select 4 questions from 3rd topic 'APTITUDE' directly and next, it may be 1 question from 1st topic 'account'. Random question paper will be shown to all selected students.

Click <  > to transfer the questions. Click every time on selection and deselection of question. It reflects next fields - Total No of Questions For Test and Total Marks For Test.

- Total No of Questions For Test - It automatically fetches the total no. of questions.
- Total Marks For Test - It calculates Total Marks for test, which can be seen in the field 'Total Marks'.

E.g. For objective type of test, if 2 is entered in the column 'Selected' for two topics, so it will select 2 questions from both topics and will be shown as '4' (2 x 2) in the field 'Total Questions'. By default, there will be 1 mark for each question. So, it will calculate '4' (4 question x 1 mark = 4 marks) which can be seen in the field 'Total Marks for Test'. Refer the following figure.

■ REPLY TO FAQ

This menu is used by faculty to answer the questions that sent by students.

Link: E-Learning -> Transaction -> Reply FAQ

On click of the link, it opens the screen as shown below which shows already created questions. It also shows the status Replied for the question against which reply is given.

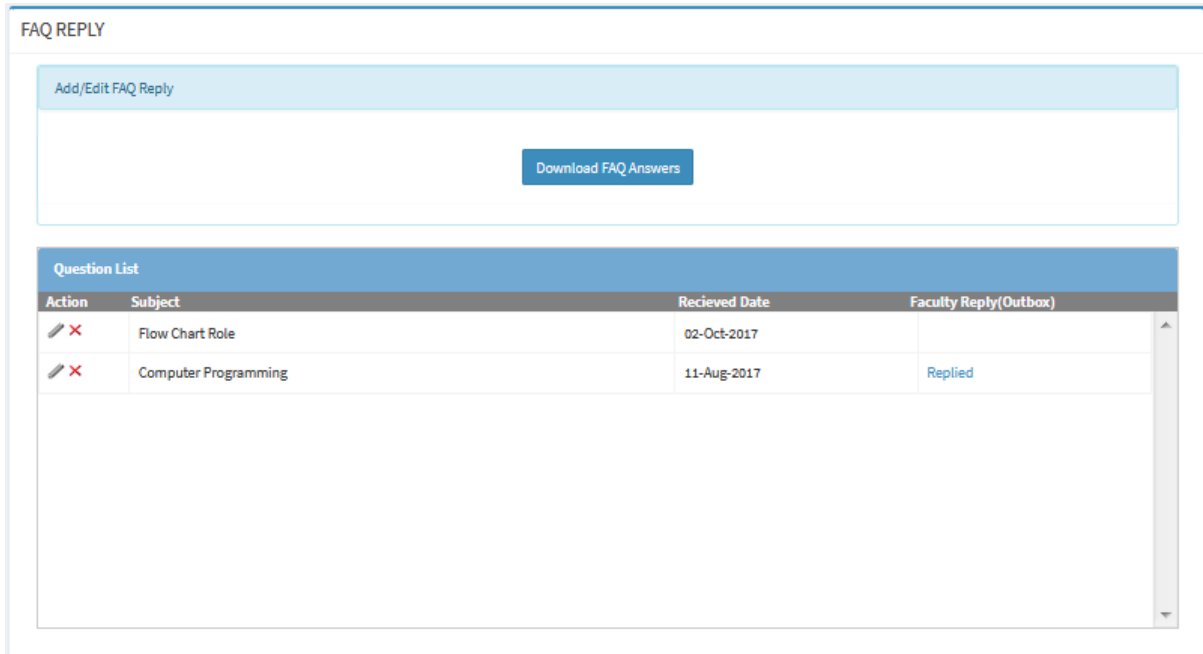

Figure - List of FAQ Questions

Click on < **Edit** > button to reply the answer of particular question. The 'Faculty Reply (Outbox)' column will show the status for the questions which has been answered and those which has to be still replied.

It displays the screen as shown below.

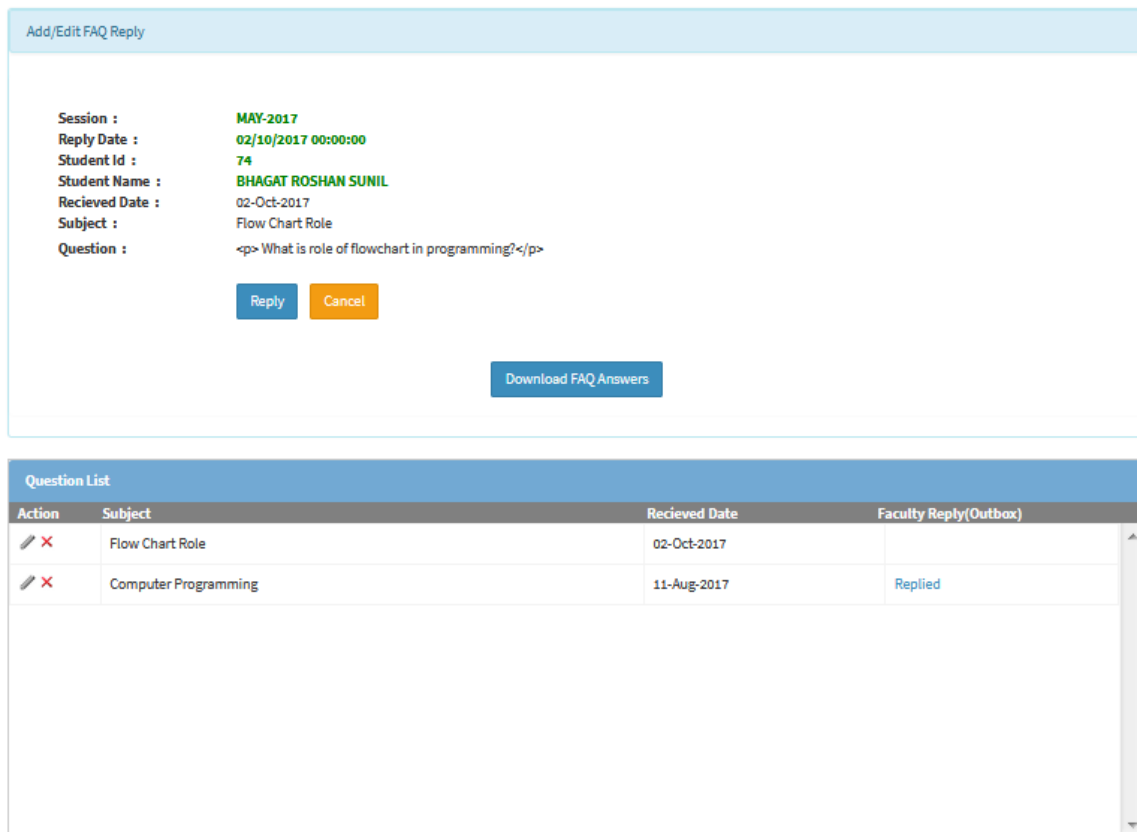

Figure – On click of <Edit>

Click on < >, it displays the screen as shown below.

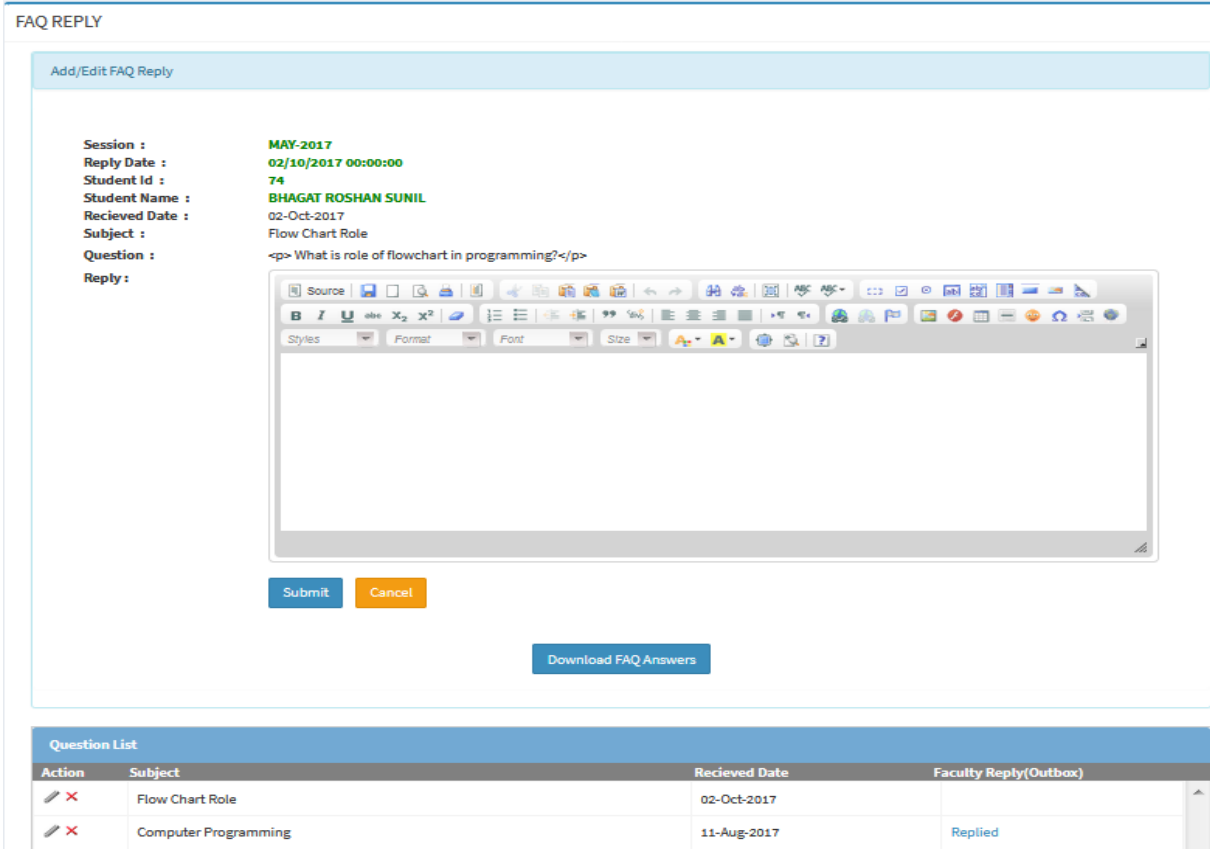

Figure – On click of  >

Give reply for the question.

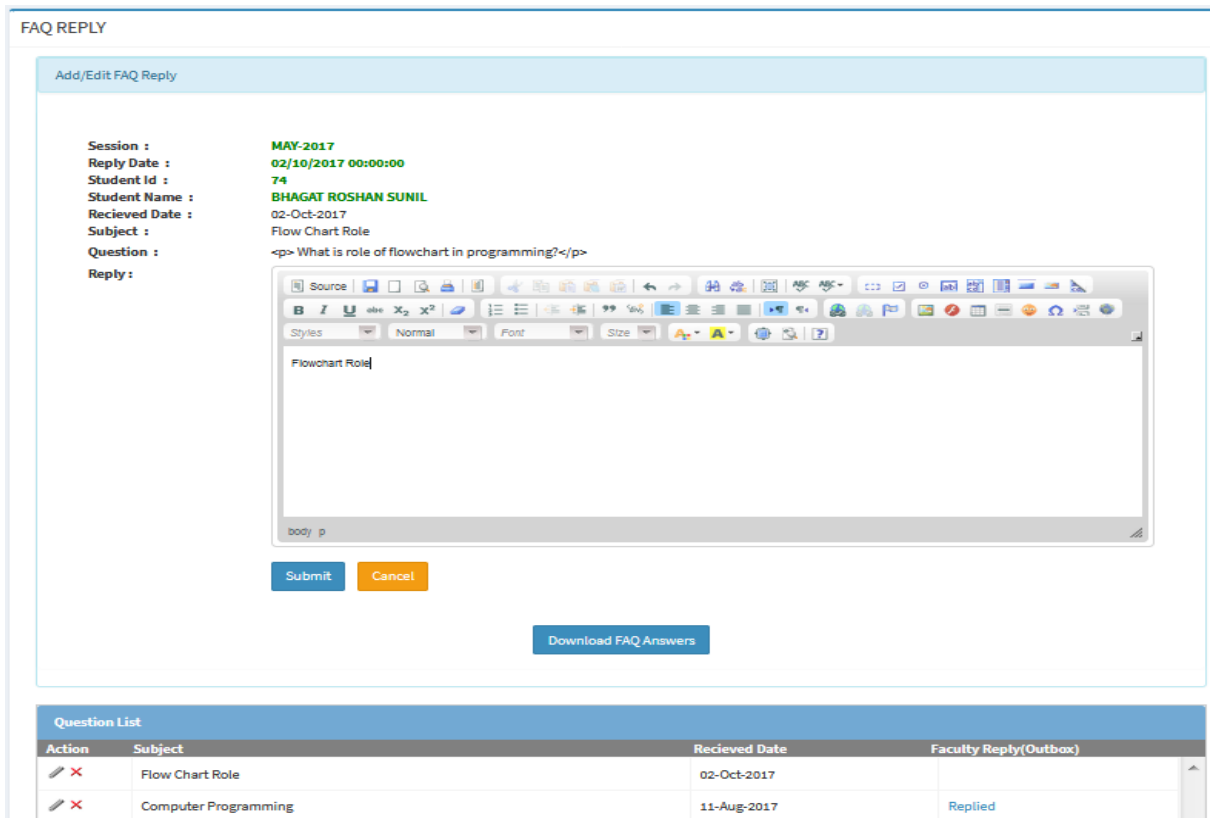

Figure - To Reply

On click of < **Submit** >, it goes back to the main page. Also, it shows the remark as 'Replied' in the last column 'Faculty Reply(outbox)'. Refer the following figure.

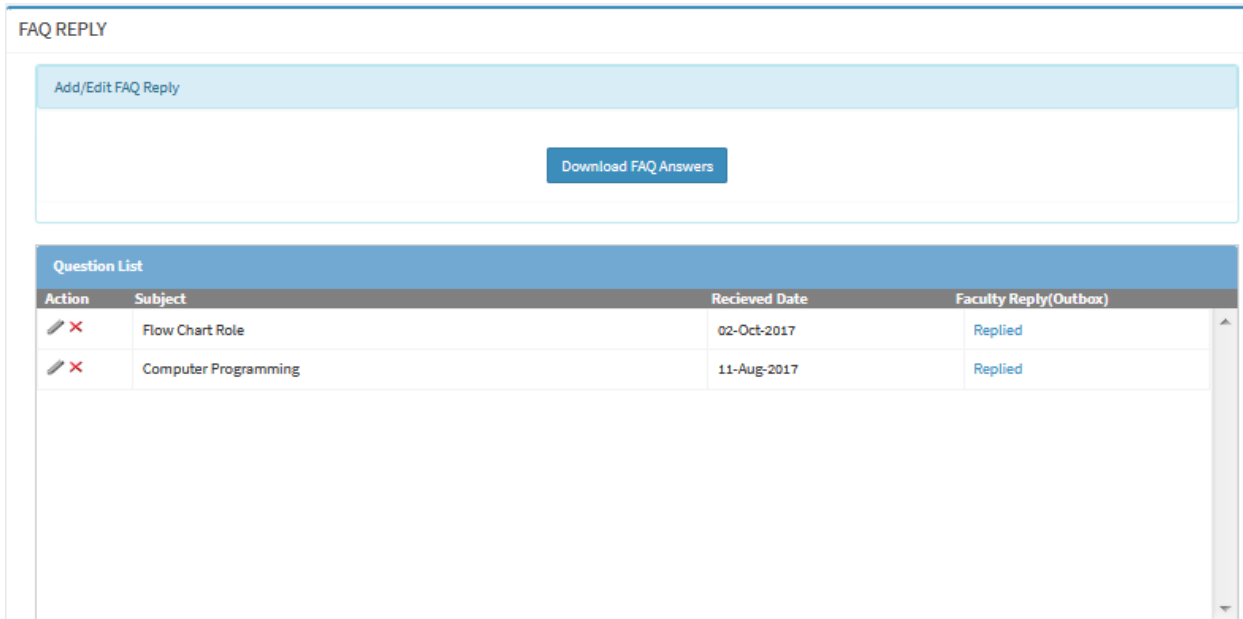

Figure – Showing Faculty Reply

On click of link, it opens main page where it shows the < **Download FAQ Answers** > button at the top middle of the screen. Refer the following figure.

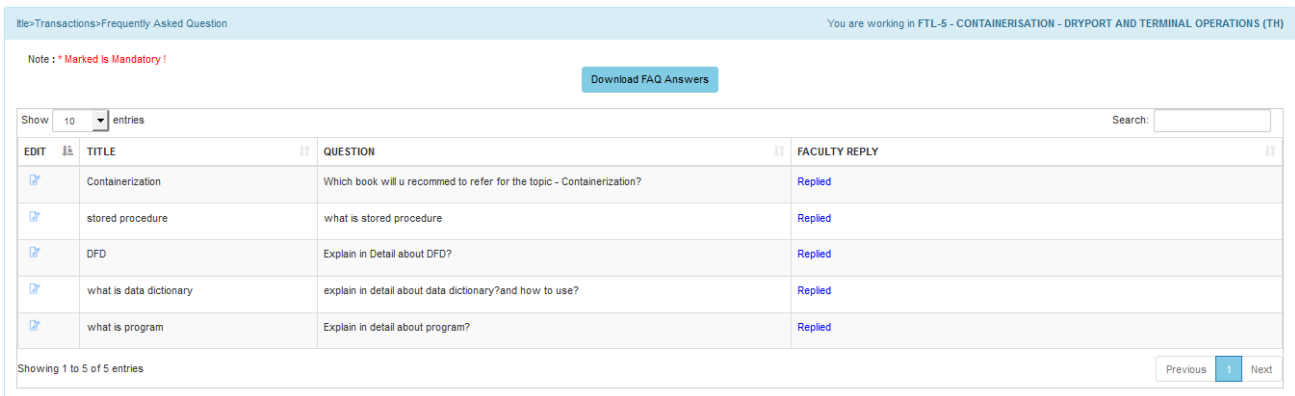

Figure - < **Download FAQ Answers >**

On click of the button < **Download FAQ Answers** >, it displays the report as shown below.

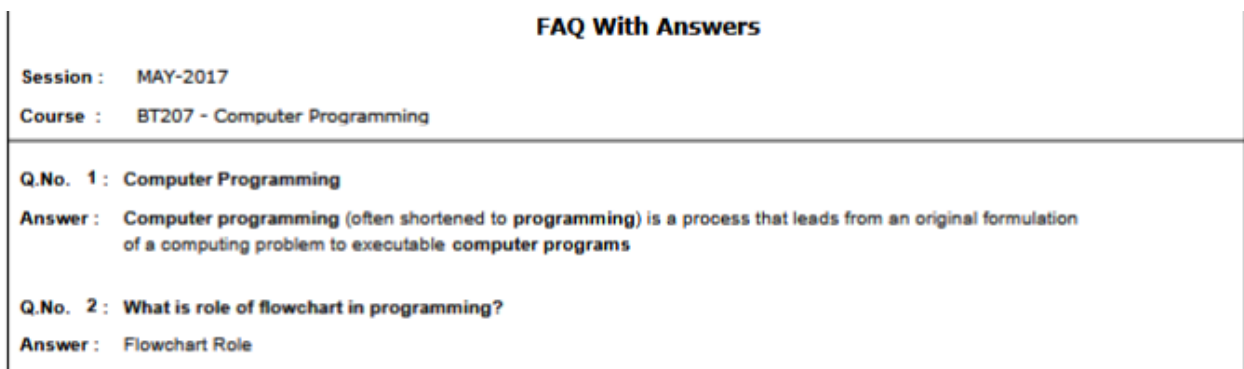

Figure – FAQ Report

In addition to this, faculty can also edit the previous answers. To edit, click on page Link: E-Learning -> Transaction -> Reply FAQ. It opens the screen showing list of questions.

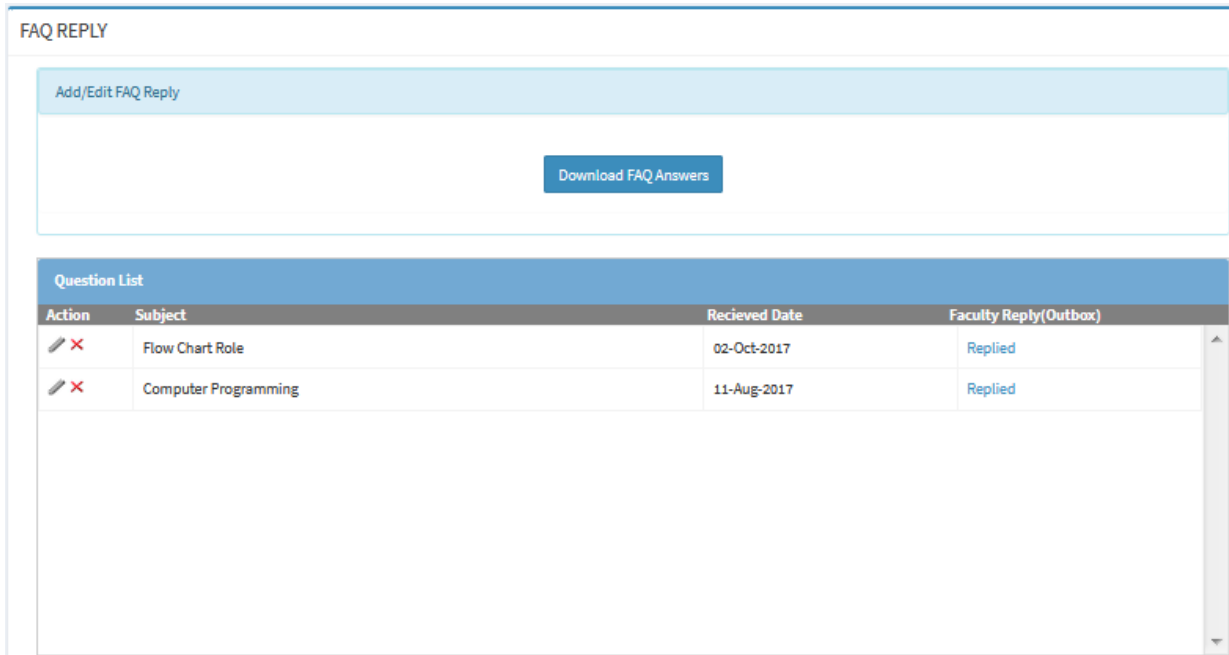

Figure – Opening Screen - Reply FAQ

Click on **Edit**> button of the question of which reply is to be edited. It opens the form as shown below, which shows the question.

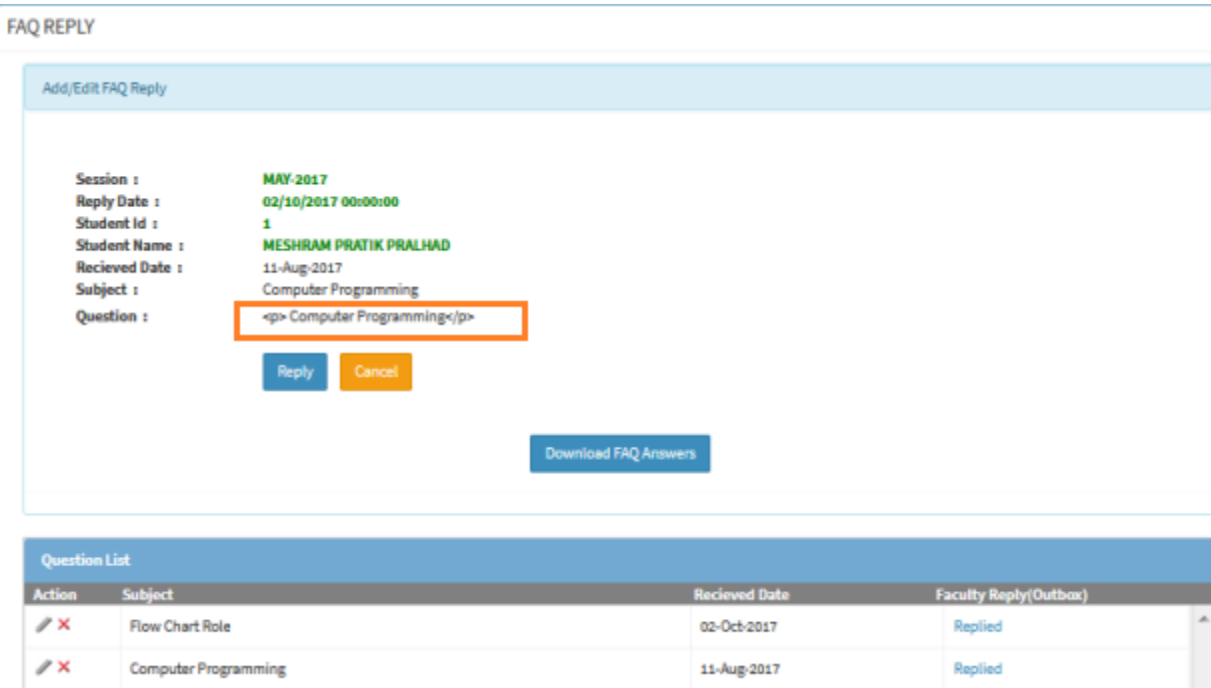

Figure – On Click of Edit>

Click on **Reply**>, it opens the screen as shown below which shows already fetched details along with blank 'Reply' text box ('Blank' because as it is 'Edit' mode and user is going for new answer). Edit the answer.

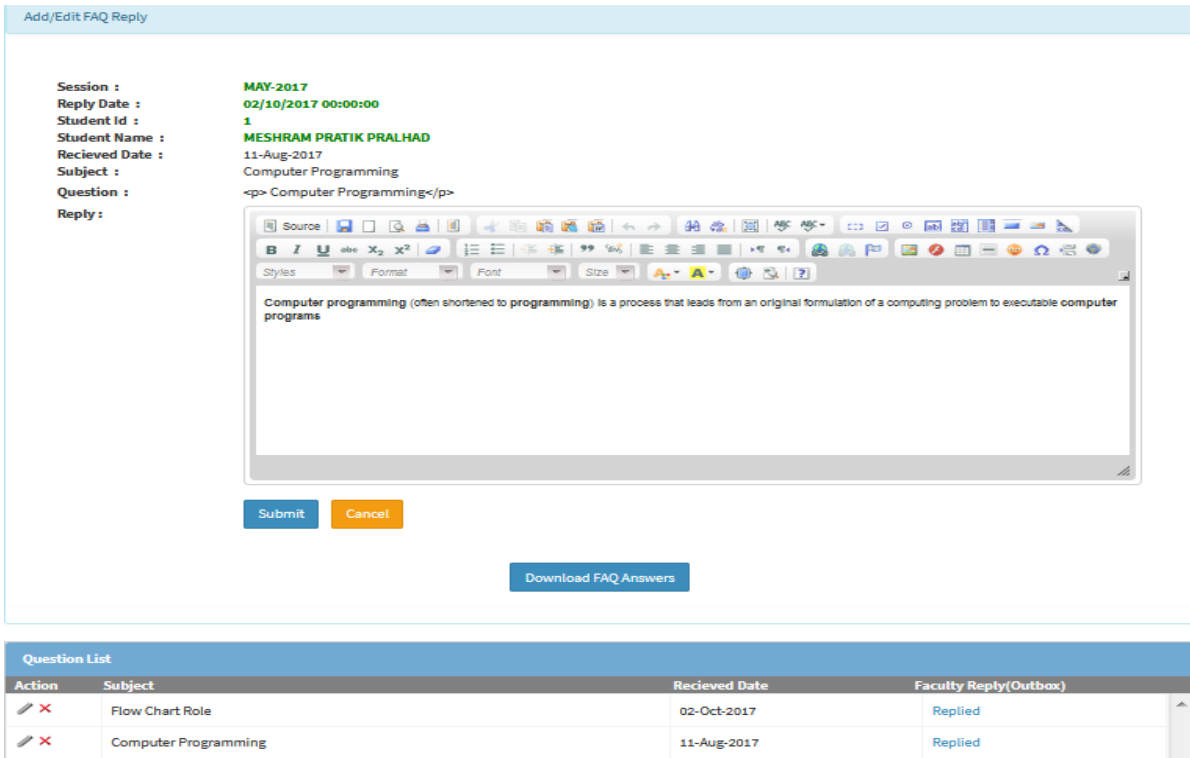

Figure – To Edit the Details

Click on  to save the edited details.

While editing, if user clicks on 'Replied  of last column', then it shows already given reply for the said question.

■ PERSONAL CALENDAR

This menu is used by faculty to calendar to organize days/week/month for social, commercial or administrative purposes.

Link: E-Learning -> Transaction -> Personal Calendar

On click of the link, it opens the calendar as shown below.

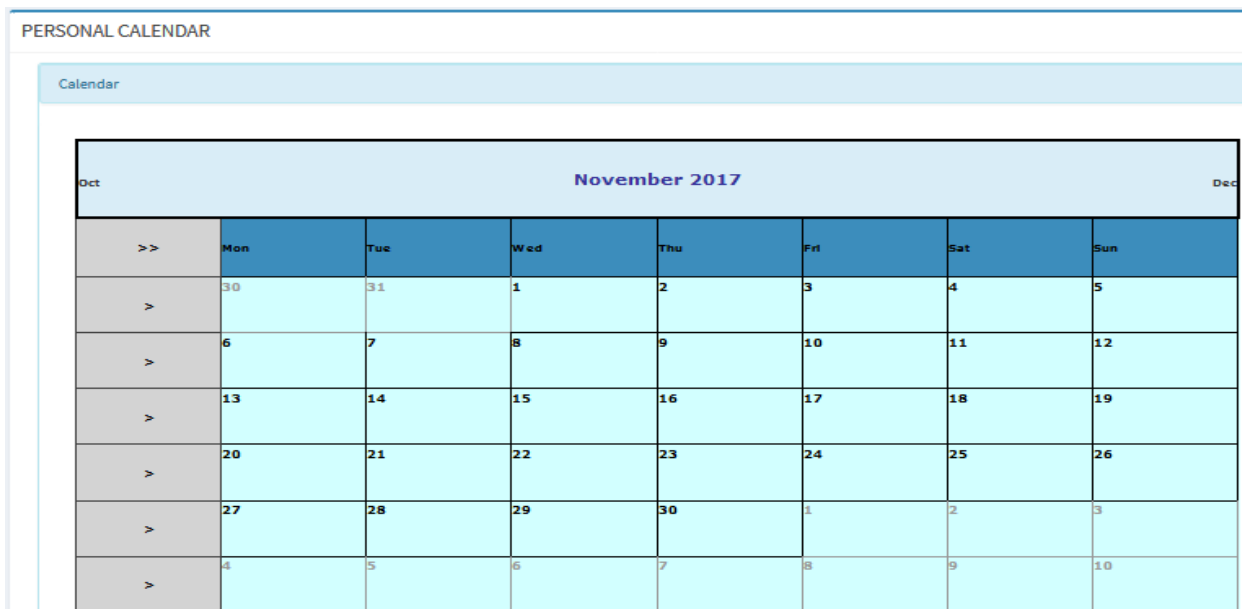

Figure - Personal Calendar

To add the detail, click sharply on date by click of mouse. It opens the screen as shown below. It shows the fields on left top of screen to add the details.

The screenshot shows the 'PERSONAL CALENDAR' interface. At the top, there is a 'Calendar' header. Below it is the 'Add/Edit Asset Allotment' section. This section contains two input fields: 'Header :' and 'Description :', both of which are currently empty. Below these fields are two buttons: 'Submit' (blue) and 'Cancel' (orange). To the right of the input fields is a box titled 'List of Asset Allotment' which contains the text 'No records Found'. Below the form is a calendar for November 2017. The calendar shows days from 30th of October to 26th of November. The date 14th of November is highlighted in a darker blue color.

Figure - Fields To Enter Details

Enter header details and description in the respective fields.

This screenshot is similar to the previous one, but the 'Header :' field now contains the text 'Holiday' and the 'Description :' field contains 'Children's Day Marathon'. The 'List of Asset Allotment' box still shows 'No records Found'. The calendar below is identical to the previous screenshot, with the 14th of November highlighted.

Figure - Entering Details

Click on <  > to submit the details. It displays the relevant message. Click on <  >, it shows the details on the said date as well as on top-right of the screen. To edit the details, click sharply on date, it shows details on top-right.

Office of MIS

Procedure to generate the overall attendance report for the selected class

Step 1: Login MasterSoft ERP with your credentials using the given URL below.

[URL: https://crescent.mastersofterp.in/](https://crescent.mastersofterp.in/)

Step 2: Go to “Academic” and select “Attendance Management”.

The screenshot shows the MasterSoft ERP interface. On the left, a navigation menu is open, and 'Attendance Management' is highlighted with a red box. A red arrow points from this menu item to the 'Subject' column of a table below it. The table lists various periods and subjects. In the center, there is a bar chart titled 'Attendance (%)' showing attendance percentages for subjects: COC-3125 (23%), COCK-16 (23%), COD-2104 (20%), COD-2111 (27%), COC-3203 (64%), COC-3225 (81%), COD-2202 (97%), and COD-2204 (80%). On the right, there are sections for 'Active Notice/News' and 'Expired Notice/News'.

Step 3: Select the “Attendance Report” and fill the required field and generate the report based on your requirement.

There are six type of attendance Report available in the ERP such as

Subject wise Report:

This report will generate Subject wise attendance percentage for all the subjects in the selected class.

Subject wise details:

This report will generate Subject wise attendance percentage with details of total hours and attended hours for all the subjects in the selected class.

Attendance Details:

This report will generate Subject wise attendance percentage with details of total hours, attended hours, OD and absent hours for all the subjects in the selected class.

Cumulative Attendance:

This report will generate Overall total hours and attended hours for the selected class.

Att. Report with OD:

This report will generate subject wise attendance report With OD for the selected class.

Faculty Incomplete attendance:

This report will generate incomplete attendance entry by the faculty for the selected class.

The screenshot displays the 'ATTENDANCE MANAGEMENT' sidebar on the left with the following menu items: Alternate Attendance Allotment, Time Table, Revised Time Table, Cancel Time Table, Faculty Attendance Status, and Attendance Report (highlighted with a red box and an upward-pointing red arrow). The main content area is titled 'Attendance Report' and contains the following fields:

- * College & Scheme: SSSH - B.Com.-Accoun.x
- * Session: May 2023
- * Semester: IV
- Course Type: Please Select
- Course: Please Select
- * Section: B
- * From Date: 30/01/2023
- * To Date: 05/04/2023
- Operator: >=
- Percentage: 0
- Selected Session Start Date : 30/01/2023 End Date : 09/05/2023

At the bottom of the main area, there is a row of buttons: SUBJECT WISE REPORT, SUBJECT WISE DETAILS, ATTENDANCE DETAILS, CUMULATIVE ATTENDANCE, ATT. REPORT WITH OD, FACULTY INCOMPLETE ATTENDANCE, and CANCEL. A red box highlights this row, and a red arrow points to it from the left.
